With the same rigorous observation (natural and social), invigorating stylishness, and encyclopedic learning that he brought to his National Book Award-winning *Bad Land*, Jonathan Raban conducts readers along the Inside Passage from Seattle to Juneau. The physical distance is 1,000 miles of difficult- and often treacherous-water, which Raban navigates solo in a 35-foot sailboat. But *Passage to Juneau* also traverses a gulf of centuries and cultures: the immeasurable divide between the Northwest's Indians and its first European explorers-- between its embattled fishermen and loggers and its pampered new class. Along the way, Raban offers

captivating discourses on art, philosophy, and navigation and an unsparing narrative of personal loss.

*Life After Kes* examines the history and legacy of the 1969 award-winning British film, *Kes*, about a boy's (Billy Casper) relationship with a kestrel. This fascinating book not only pays homage to the vision and extraordinary talent involved both in front and behind the camera but also looks at subsequent changes in the educational system, posing some important questions. Are we any better off today? Have schools and teaching staff moved forward over the last few decades? Have successive government's learnt anything from the mistakes of the past? *Life After Kes* explores the lives of the cast and production team since the making of the film including David (Dai) Bradley who played the lead role and

examines why the legacy of Billy Casper and the national perception of *Kes* cast a shadow over South Yorkshire. Does Casper's ghost still haunt this ex-mining community and is director Ken Loach's gritty northern drama as relevant today as it was then? This book is a must-have for all film fans, anyone who enjoyed *Kes* and all those with an interest in British social history.

Life is tough and cheerless for Billy Casper, a disillusioned teenager growing up in a small Yorkshire mining town. Violence is commonplace and he is frequently cold and hungry. Yet he is determined to be a survivor and when he finds Kes, a kestrel hawk he discovers a passion in life. Billy identifies with her proud silence and she inspired in him the trust and love that nothing else can.

Intense and raw and biting honest, A KETREL FOR A KNAVE was first published in 1968 and was also made into a highly acclaimed film, 'Kes', directed by Ken Loach.

The movie is based on the book A Kestrel for a Knave which was written by Barry Hines. It is a pretty interesting story and by watching the movie the viewer automatically compares his own life and school experiences with Billy's experiences. In the first part of this work I give a short introduction about the background and the situation in which the movie takes place. In the second part I take a closer look at Billy's daily life, his future options and his relationship to his brother. [...]

The classic children's story about a young boy, his toy castle, and a magical adventure that reveals the true meaning of courage. When his beloved caretaker Mrs. Phillips tells him she's leaving, William is devastated. Not even her farewell gift of a model medieval castle helps him feel better—though he has to admit it's fascinating. From the working drawbridge and portcullis to the fully-furnished rooms, it's perfect in every

detail. It almost seems magical. And when William looks at the silver knight, the tiny figure comes to life in his hand—and tells him a tale of a wicked sorcerer, a vicious dragon, and a kingdom in need of a hero. Hoping the castle's magic will help him find a way to make his friend stay, William embarks on a daring quest with Sir Simon, the Silver Knight—but he will have to face his own doubts and regrets if he's going to succeed. William's story continues in The Battle for the Castle, available as a redesigned companion edition. Brodie's Notes on Barry Hines's Kes (A Kestrel for a Knave) York Notes  
From a writer whom the New York Times dubbed Canada's "Generation X laureate" comes a quartet of haunting, unforgettable tales of young people stuck in the inescapable prison of family. A New York Times Notable Book and winner of Britain's prestigious Winifred Holtby Memorial Prize, *Traplines* is the book that introduced the world to Canadian author Eden Robinson. In three stories and a novella, Robinson explodes the idea of family as a nurturing safe haven through a progression of domestic

horrors experienced by her young, often helpless protagonists. With her mesmerizing, dark skill, the author ushers us into these worlds of violence and abuse, where family loyalty sometimes means turning a blind eye to murder, and survival itself can be viewed as an act of betrayal. In the title story, for a teenager named Will growing up on a Native reserve in northwestern Canada, guilt, race, and blind fidelity are the shackles chaining him to the everyday cruelty and abuse he is forced to endure. In "Dogs in Winter," a girl recalls life with her serial-killer mother and fears for her own future. A young teen and the sadistic, psychopathic cousin who comes to live with him engage in a cat-and-mouse game that soon escalates out of control in "Contact Sports," while in the final story, "Queen of the North," a young Native girl deals in her own way with sexual molestation at the hands of a pedophile uncle. Each of these tales is vivid, intense, and disturbing, and Robinson renders them unforgettable with her deft flair for storytelling and a surprising touch of humor. Young People. A new adaptation of the classic book *A Kestrel for a Knave*, Kes tells the story of a day in the life of Billy Casper; a 15-year-old boy about to leave school and determined not to end up working down the pit like his older brother Jud. Billy doesn't know what he'll do, but one thing has changed his life forever, allowing him to soar above the narrow confines of his family and this town, his kestrel hawk, Kes. Kes is the story of Billy's heart. How it came to beat and how it came to break. The play was commissioned by Catherine Wheels Theatre Company.

The Heart of it Routledge  
Barry Hines' s novel *A Kestrel for a Knave*, adapted for the screen as *Kes*, is one of the best-known and well-loved novels of the post-war period, while his screenplay for the television drama *Threads* is central to a Cold War-era vision of nuclear attack. But Hines published a further eight novels and nine screenplays between the 1960s and 1990s, as well as writing eleven other works which remain unpublished and unperformed. This study examines the entirety of Hines' s work. It argues that he used a great variety of aesthetic forms to represent the lives of working-class people in Britain during the 1960s, 1970s, 1980s and into

the post-industrial conclusion of the twentieth century. It also makes the case that, as well as his literary flair for poetic realism, Hines' s authorial contributions to the films of his novels show the profoundly collaborative nature of these works.
