Becoming a vampire was easier than she had ever dreamed. Ardeth Alexander surrendered her mortal life in a night of despair and desire—initiated into a new existence by the five-hundred-year-old vampire, Dimitri Rozokov. Living as a vampire was more complicated than she had ever expected. Fleeing Toronto, Ardeth and Rozokov settle in the tourist town of Banff, Alberta. While she tests her new strength against the mountains by climbing, Rozokov returns to astronomy, the science of his youth. Together they hunt the dark reaches of the park, preying on the animals they find there, upholding an unspoken agreement not to taste human blood. Yet all their activity cannot disguise their restlessness and soon their fragile happiness is shattered by bitter conflict and inevitable betrayal. Angry and unhappy, Ardeth returns to Toronto to try to recapture the life she believed she had left behind forever. Understanding what it means to be a vampire would prove harder than she had ever imagined. What Ardeth and Rozokov do not know is that they are being hunted. A member of the yakuza, the Japanese underworld, is on their trail, seeking the fulfillment of his most secret ambition. So is his employer, Sademori Fujiwara—a vampire whose extraordinary history is revealed to Rozokov through his diary. From the seductive nights in the imperial court of the eleventh century to the horror and tragedy of the darkest days of the twentieth, Fujiwara's story is a tale of poetry and violence, of delight and despair. In his life, Ardeth and Rozokov see the promise of the answers to the questions of love, mortality and morality that have torn them apart. Fujiwara's power draws them back together to face those questions again—but the price that they all have to pay for the answers will be higher than any of them expected. *Blood and Chrysanthemums* is a tantalizing tale of modern horror, with a twist of Japanese gothic, certain to leave an indelible mark on the imagination.

A Kiss for a Little Vampire Sophie Stern

This award-winning science fiction classic explores a far-future world inhabited by intelligent canines who pass down the tales of their human forefathers. Thousands of years have passed since humankind abandoned the city—first for the countryside, then for the stars, and ultimately for oblivion—leaving their most loyal animal companions alone on Earth. Granted the power of speech centuries earlier by the revered Bruce Webster, the intelligent, pacifist dogs are the last keepers of human history, raising their pups with bedtime stories, passed down through generations, of the lost “websters” who gave them so much but will never return. With the aid of Jenkins, an ageless service robot, the dogs live in a world of harmony and peace. But they now face serious threats from their own and other dimensions, perhaps the most dangerous of all being the reawakened remnants of a warlike race called “Man.” In the Golden Age of Isaac Asimov and Robert A. Heinlein, Clifford D. Simak's writing blazed as brightly as anyone's in the science fiction firmament. Winner of the International Fantasy Award, *City* is a magnificent literary metropolis filled with an astonishing array of interlinked stories and structures—at once dystopian, transcendent, compassionate, and visionary.
