In this utterly transporting debut about the power of words, the importance of friendship, and the magic of wonder, Curley Hines must decide whether to fight to save the mountain he calls home. Having lost most of his family to coal mining accidents as a little boy, Curley Hines lives with his grandfather in the Appalachian Mountains of Wonder Gap, Kentucky. Ever since Curley can remember, Papaw has been giving him a word each week to learn and live. Papaw says words are Curley's way out of the holler, even though Curley has no intention of ever leaving. When a new coal boss takes over the local mining company, life as Curley knows it is turned upside down. Suddenly, his best friend, Jules, is interested in the coal boss's son, and worse, the mining company threatens to destroy Curley and Papaw's mountain. Now Curley faces a difficult choice. Does he use his words to speak out against Big Coal and save his mountain, or does he remain silent and save his way of life? From debut author Mary Knight comes a rich, lyrical, and utterly transporting tale about friendship, the power of words, and the difficult hurdles we must overcome for the people and places we love. Praise for *Saving Wonder* : "Knight delivers a strong environmental message and a language lesson in her debut novel... Readers will feel Curley's sorrow and cheer him on during his campaign to save what he loves most. Knight frankly addresses the reality of harsh changes, but Curley's spirit, moving people inside and outside the community to act, is inspirational." -- Publishers Weekly

"Superior to anything being written in the genre . . . Terry Brooks is one of a handful of fantasy writers whose work consistently meets the highest literary standards."—Rocky Mountain News Eight centuries ago the first Knight of the Word was commissioned to combat the demonic evil of the Void. Now that daunting legacy has passed to John Ross—along with powerful magic and the knowledge that his actions are all that stand between a living hell and humanity's future. Then, after decades of service to the Word, an unspeakable act of violence shatters John Ross's weary faith. Haunted by guilt, he turns his back on his dread gift, settling down to build a normal life, untroubled by demons and nightmares. But a fallen Knight makes a tempting prize for the Void, which could bend the Knight's magic to its own evil ends. And once the demons on Ross's trail track him to Seattle, neither he nor anyone close to him will be safe. His only hope is Nest Freemark, a college student who wields an extraordinary magic all her own. Five years earlier, Ross had aided Nest when the future of humanity rested upon her choice between Word and Void. Now Nest must return the favor. She must restore Ross's faith, or his life—and hers—will be forfeit . . . "[An] urban dark fantasy . . . Sharp and satisfying."—Publishers Weekly (starred review)

Big Book of Word Search, Vol 5 Good Press

A data-driven exploration of how children's language learning varies across different languages, providing both a theoretical framework and reference. The Wordbank Project examines variability and consistency in children's language learning across different languages and cultures, drawing on Wordbank, an open database with data from more than 75,000 children and twenty-nine languages or dialects. This big data approach makes the book the most comprehensive cross-linguistic analysis to date of early language learning. Moreover, its data-driven picture of which aspects of language learning are consistent across languages suggests constraints on the nature of children's language

learning mechanisms. The book provides both a theoretical framework for scholars of language learning, language, and human cognition, and a resource for future research.

Rules for a Knight Sapphire Medallion

NEW YORK TIMES BESTSELLER • Janet Evanovich, bestselling author of the Stephanie Plum series, teams up with Emmy-winning writer Phoebe Sutton for a brand-new series of mysteries featuring Emerson Knight and Riley Moon, a dynamic duo with instant and undeniable chemistry. Emerson Knight is introverted, eccentric, and has little to no sense of social etiquette. Good thing he's also brilliant, rich, and (some people might say) handsome, or he'd probably be homeless. Riley Moon has just graduated from Harvard Business and Harvard Law. Her aggressive Texas spitfire attitude has helped her land her dream job as a junior analyst with mega-bank Blane-Grunwald. At least Riley Moon thought it was her dream job, until she is given her first assignment: babysitting Emerson Knight. What starts off as an inquiry about missing bank funds in the Knight account leads to inquiries about a missing man, missing gold, and a life-and-death race across the country. Through the streets of Washington, D.C., and down into the underground vault of the Federal Reserve in New York City, an evil plan is exposed. A plan so sinister that only a megalomaniac could think it up, and only the unlikely duo of the irrepressibly charming Emerson Knight and the tenacious Riley Moon can stop it. Praise for Curious Minds “The one-liners fly at a ferocious pace. . . . Evanovich fans will find this closer in style to the Stephanie Plum novels.” —Booklist “Evanovich's comedic timing and pacing are evident on every page.” —Daily Republic

Earthfall A Knight of the Word

"This prose rendering of a poem from the late fourteenth century (or earlier) recounts an adventure undertaken by King Arthur's famous nephew, Sir Gawain. Brave and chivalrous, faithful to his word and ever-mindful of his honor, as well as that of others, Gawain represents the model of knightly grace. When a gigantic stranger clad in green armor bursts in on the Round Table assembly to issue a challenge, the gallant Gawain volunteers to do battle for his king. This parable blends pagan elements and Christian ethics to celebrate the virtue of forgiveness, and it is frequently assigned to classes in literature and history because of its short length and its excellent representation of chivalric tradition"--
