Fiction. Winner of the 2016 Michael Rubin Book Award. "There's a ferocious honesty in Loria Mendoza's work that we don't have nearly enough of these days. No posturing here. No dressing anything up to make it something it isn't. And she asks the questions we all ask but maybe don't always articulate out loud. 'But who's to say what love is?' a character asks. 'For all I know it's the cyst in my cheekbone throbbing under my fingertips.' That about says it, doesn't it? LIFE'S TOO SHORT is a no-holds-bar collection of hard-won truth. And did I mention it is funny as hell?"--Peter Orner "Loria Mendoza writes with fire and guts. There is an urgent and searching quality to the stories in LIFE'S TOO SHORT, and her prose imparts that urgency to her reader. Her words are alive and remind us with each syllable, so are we."--Iris Smyles

"No" is sometimes the hardest word to say. It's also the most necessary. How many times have you heard yourself saying yes to the wrong things—overwhelming requests, bad relationships, time-consuming obligations? How often have you wished you could summon the power to turn them down? This lively, practical guide helps you take back that power—and shows that a well-placed No can not only save you time and trouble, it can save your life. Drawing on their own stories as well as feedback from their readers and students, James Altucher and Claudia Azula Altucher clearly show that you have the right to say no: To anything that is hurting you. To standards that no longer serve you. To people who drain you of your creativity and expression. To beliefs that are not true to the real you. It's one thing to say no, the authors explain. It's another thing to have the Power of No. When you do, you will have a stronger sense of what is good for you and the people around you, and you will have a deeper understanding of who you are. And, ultimately, you'll be freed to say a truly powerful "Yes" in your life—one that opens the door to opportunities, abundance, and love.

"Chris Hani's assassination in 1993 gave rise to one of South Africa's great imponderables: if he had survived, what impact would he have had on politics and government in South Africa? More pointedly, could this charismatic leader have risen to become president of the country? Hani was a hero of South Africa's liberation, a communist party leader and Umkhonto we Sizwe chief of staff who was both intellectual and fighter, a man who could inspire an army but carried a book of poetry in his backpack. Hani

led MK into its earliest battles, and carved a formidable reputation as a thinker, debater and peacemaker. *Hani: A Life Too Short* tells the story of Hani's life, from his childhood in rural Transkei and education at Fort Hare University to the controversial Memorandum of 1969, the crisis in the ANC camps in Angola in the 1980s and the heady dawn of freedom. Drawing on interviews and the recollections of those who knew him, this vividly written book provides a detailed account of the life of a great South African. "

AN INSTANT NEW YORK TIMES BESTSELLER "Provocative and appealing . . . well worth your extremely limited time." --Barbara Spindel, *The Wall Street Journal* The average human lifespan is absurdly, insultingly brief. Assuming you live to be eighty, you have just over four thousand weeks. Nobody needs telling there isn't enough time. We're obsessed with our lengthening to-do lists, our overfilled inboxes, work-life balance, and the ceaseless battle against distraction; and we're deluged with advice on becoming more productive and efficient, and "life hacks" to optimize our days. But such techniques often end up making things worse. The sense of anxious hurry grows more intense, and still the most meaningful parts of life seem to lie just beyond the horizon. Still, we

rarely make the connection between our daily struggles with time and the ultimate time management problem: the challenge of how best to use our four thousand weeks. Drawing on the insights of both ancient and contemporary philosophers, psychologists, and spiritual teachers, Oliver Burkeman delivers an entertaining, humorous, practical, and ultimately profound guide to time and time management. Rejecting the futile modern fixation on "getting everything done," *Four Thousand Weeks* introduces readers to tools for constructing a meaningful life by embracing finitude, showing how many of the unhelpful ways we've come to think about time aren't inescapable, unchanging truths, but choices we've made as individuals and as a society—and that we could do things differently.

In this guidebook, a self-professed jerk comes straight out, speaks the truth, and systematically explains how to • spot, avoid, and say goodbye to jerks; • tell if a guy is wasting your time; • deal with players • hunt for good men (and where to hunt for them). You'll also learn how to avoid common mistakes, such as overrating initial chemistry, inadvertently hurting a man's ego, losing a good guy's interest and much more. Full of witty satire and sarcasm. Get ready to laugh out loud with this hilarious anti-game. What people had to say about this book: "Hey Willie, this is so entertaining! Ha ha you have a great sense of humor, and your statements are so true!" - Denise "We all know no one likes a tattletale. Hate the game, not the player. Every girl Tiger slept with knew he was married. Who is worse?" - Steve the player "That was such an enjoyable and enlightening read. I mean it's well written, witty, and one would think some of it is common sense, but sometimes people (i.e. me!) need common sense to slap them in the face!" - Cheryl "Willie whistle blower has a nice ring to it. You know someone's going to kick your butt one day? Good work!" - A guy Willie no longer parties with "I don't understand you. You go through university, build a promising career. Now you quit your job and write this book? Why would you tell the whole world you're an asshole?" - Willie's mom
