Very few public figures can claim the level of fame, or infamy, that Pauline does. So much so, her surname isn't needed. Everyone knows her, or knows of her, and nearly everyone has a passionate viewpoint about her; she doesn't engender indifference.' So who is Pauline Hanson, the woman and politician? Does she really stand for the battler, or has it only ever been about her personal pursuit for power and infamy? Has she duped her loyal supporters, who have kept her in the public eye and propelled her back into parliament because she 'speaks for them'? Pulling no punches, and with a finely developed sense of the absurd, Kerry-Anne Walsh's conclusion is an emphatic yes. Through all the ups, the downs, the downs and the ups, Kerry-Anne probes and prods the evidence to uncover the many faces of Pauline Hanson: her time as an accidental local councillor, her emergence as a surprising national figure in 1996 and her resurrection in 2016, her careful profile-building through the media during the intervening years, the friends she's used and discarded, the men who control her, the money trail of her party and her personal finances. And then there's the rise and rise of the disaffected voters who now control political destinies, and the collapse of trust in the system that has allowed chancers such as Hanson to flourish. Perceptive, surprising and revealing, get ready for Hoodwinked to take you on one wild ride.

"May be the best book ever written about jazz."—David Thomson, Los Angeles Times In eight poetically charged vignettes, Geoff Dyer skillfully evokes the music and the men who shaped modern jazz. Drawing on photos, anecdotes, and, most important, the way he hears the music, Dyer imaginatively reconstructs scenes from the embattled lives of some of the greats: Lester Young fading away in a hotel room; Charles Mingus storming down the streets of New York on a too-small bicycle; Thelonious Monk creating his own private language on the piano. However, music is the driving force of *Beautiful*, and wildly metaphoric prose that mirrors the quirks, eccentricity, and brilliance of each musician's style.
