“ If Catcher in the Rye has lost its raw clout for recent generations of Internet-suckled American youth, here is a coming-of-age novel to replace it. ”  
—Publishers Weekly (starred review) The first days of summer: Jim Praley is home from college, ready to unlock Tulsa's secrets. He drives the highways. He forces himself to get out of his car and walk into a bar. He's invited to a party. And there he meets Adrienne Booker; Adrienne rules Tulsa, in her way. A high-school dropout with a penthouse apartment, she takes a curious interest in Jim. Through her eyes, he will rediscover his hometown: its wasted sprawl, the beauty of its late nights, and, at the city's center, the unsleeping light of its skyscrapers. In the tradition of Michael Chabon's *The Mysteries of Pittsburgh*, *A Map of Tulsa* is elegiac, graceful, and as much a story about young love as it is a love letter to a classic American city.

In 1921 Tulsa ’ s Greenwood District, known then as the nation ’ s “ Black Wall Street, ” was one of the most prosperous African American communities in the United States. But on May 31 of that year, a white mob, inflamed by rumors that a young black man had attempted to rape a white teenage girl, invaded Greenwood. By the end of the following day, thousands of homes and businesses lay in ashes, and perhaps as many as three hundred people were dead. Tulsa, 1921 shines new light into the shadows that have long been cast over this extraordinary instance of racial violence. With the clarity and descriptive power of a veteran journalist, author Randy Krehbiel digs deep into the events and their aftermath and investigates

decades-old questions about the local culture at the root of what one writer has called a white-led pogrom. Krehbiel analyzes local newspaper accounts in an unprecedented effort to gain insight into the minds of contemporary Tulsans. In the process he considers how the Tulsa World, the Tulsa Tribune, and other publications contributed to the circumstances that led to the disaster and helped solidify enduring white justifications for it. Some historians have dismissed local newspapers as too biased to be of value for an honest account, but by contextualizing their reports, Krehbiel renders Tulsa ’ s papers an invaluable resource, highlighting the influence of news media on our actions in the present and our memories of the past. The Tulsa Massacre was a result of racial animosity and mistrust within a culture of political and economic corruption. In its wake, black Tulsans were denied redress and even the right to rebuild on their own property, yet they ultimately prevailed and even prospered despite systemic racism and the rise during the 1920s of the second Ku Klux Klan. As Krehbiel considers the context and consequences of the violence and devastation, he asks, Has the city—indeed, the nation—exorcised the prejudices that led to this tragedy?

This Pulitzer Prize – winning novel follows two American academics in London—a young man and a middle-aged woman—as they each fall into unexpected romances. In her early fifties, Vinnie Miner is the sort of woman no one ever notices, despite her career as an Ivy League professor. She doubts she could get a man’s attention if she waved a brightly colored object in front of him. And though she loves her work, her specialty—children’s folk rhymes—earns little respect from her fellow scholars. Then, alone on a flight to London for a research trip, she sits next to a man she would never have viewed as a potential romantic partner. In a Western-cut suit and a rawhide tie, he is a sanitary engineer from Tulsa, Oklahoma, on a group tour. He’s the very opposite of her type, but before Vinnie knows it, she’s spending more and more time with him. Also in London is Vinnie’s colleague, a young, handsome English professor whose marriage and self-esteem are both on the rocks. But Fred Turner is also about to find consolation—in the arms of the most beautiful actress in England. Stylish and highborn, she introduces Fred to a glamorous, yet eccentric, London scene that he never expected to encounter. The course of these two relationships makes up the story of *Foreign Affairs*—a finalist for the National Book Award and National Book Critics Circle Award as well as a Pulitzer Prize winner, and an entertaining, poignant tale from the author of *The War Between the Tates* and *The Last Resort*, “one of this country’s most able and witty novelists” (*The New York Times*). This ebook features an illustrated biography of Alison Lurie including rare images from the author’s personal collection.

Ten Mile River Houghton Mifflin Harcourt  
A remarkable account of the collapse of the Old South and the final years of a young boy’s privileged but afflicted life. LeRoy Wiley Gresham was born in 1847 to an affluent slave-holding family in Macon, Georgia. After a horrific leg injury left him an invalid, the educated, inquisitive, perceptive, and exceptionally witty twelve-year-old began keeping a diary in 1860—just as secession and the Civil War began tearing the country and his world apart. He continued to write even as his health deteriorated until both the war and his life ended in 1865. His unique manuscript of the demise of the Old South is published here for the first time in *The War Outside My Window*. LeRoy read books, devoured newspapers and magazines, listened to gossip, and discussed and debated important social and military issues with his parents and others. He wrote daily for five years, putting pen to paper with a vim and tongue-in-cheek vigor that impresses even now, more than 150 years later. His practical, philosophical, and occasionally Twain-like hilarious observations cover politics and the secession movement, the long and increasingly destructive Civil War, family pets, a wide variety of hobbies and interests, and what life was like at the center of a socially prominent wealthy family in the important Confederate manufacturing center of Macon. The young scribe often voiced concern about the family’s pair of plantations outside town, and recorded his interactions and relationships with servants as he pondered the fate of human bondage and his family’s declining fortunes. Unbeknownst to LeRoy, he was chronicling his own slow and painful descent toward death in tandem with the demise of the Southern Confederacy. He recorded—often in horrific detail—an increasingly painful and debilitating disease that robbed him of his

---

childhood. The teenager's declining health is a consistent thread coursing through his fascinating journals. "I feel more discouraged [and] less hopeful about getting well than I ever did before," he wrote on March 17, 1863. "I am weaker and more helpless than I ever was." Morphine and a score of other "remedies" did little to ease his suffering. Abscesses developed; nagging coughs and pain consumed him. Alternating between bouts of euphoria and despondency, he often wrote, "Saw off my leg." *The War Outside My Window*, edited and annotated by Janet Croon with helpful footnotes and a detailed family biographical chart, captures the spirit and the character of a young privileged white teenager witnessing the demise of his world even as his own body slowly failed him. Just as Anne Frank has come down to us as the adolescent voice of World War II, LeRoy Gresham will now be remembered as the young voice of the Civil War South. Winner, 2018, The Douglas Southall Freeman Award

Moving forward and backward in time, Jacqueline Woodson's taut and powerful new novel uncovers the role that history and community have played in the experiences, decisions, and relationships of these families, and in the life of the new child. As the book opens in 2001, it is the evening of sixteen-year-old Melody's coming of age ceremony in her grandparents' Brooklyn brownstone. Watched lovingly by her relatives and friends, making her entrance to the music of Prince, she wears a special custom-made dress. But the event is not without poignancy. Sixteen years earlier, that very dress was measured and sewn for

a different wearer: Melody's mother, for her own ceremony-- a celebration that ultimately never took place. Unfurling the history of Melody's family — reaching back to the Tulsa race massacre in 1921 -- to show how they all arrived at this moment, Woodson considers not just their ambitions and successes but also the costs, the tolls they've paid for striving to overcome expectations and escape the pull of history. As it explores sexual desire and identity, ambition, gentrification, education, class and status, and the life-altering facts of parenthood, *Red at the Bone* most strikingly looks at the ways in which young people must so often make long-lasting decisions about their lives--even before they have begun to figure out who they are and what they want to be.
