A Natural History of Love by Diane Ackerman, Paperback ...

Diane Ackerman covers the history of love from Egypt through the present, examining the origins of rituals like marriage and where love comes from. It's a pretty ambitious topic, but the delicious details in the book--like that giving a "toast" comes from medieval times when people would put actual bread in the glass and drink until the liquid was gone--make it a fascinating and extremely educational read.

"A Natural History of Love is an audaciously brilliant romp through the world of romantic love. Using an evolutionary history as her launch pad, Ackerman takes off on a space flight in which she describes, defines, theorizes, analyzes, analogizes, explains, philosophizes, embellishes, codifies, classifies, confesses, compares, contrasts, speculates, hypothesizes, and generally carries on like a hooligan about amatory love.
