A natural history of love (Book, 1994)
[WorldCat.org]

About *A Natural History of Love*. The bestselling author of *A Natural History of the Senses* now explores the allure of adultery, the appeal of aphrodisiacs, and the cult of the kiss. Enchantingly written and stunningly informed, this "audaciously brilliant romp through the world of romantic love" (*Washington Post Book World*) is the next best thing to love itself.

Late Migrations : NPR

A Natural History of Love. The sections on the science of love (about one-third of the book), from the efficacy of aphrodisiacs to human biochemistry, are the most interesting. The historical sections (another third) for the most part consist of the tedious retelling of well-worn ancient myths, such as those of Orpheus and Eurydice and Tristan and Isolde. *Late Migrations: A Natural History of Love and Loss*

A Natural History of Love. She discusses the 'evolution of the face,' the cuddle, both as caress and as chemical, and the customs of marriage. There are astonishments everywhere. Her distinctive touch, aided by her personal adventures and explorations, enriches our understanding of

women and horses, men and mermaids, sex and flying, and other equally enticing subjects.

A Natural History of Love by Diane Ackerman ...

In "*A Natural History of Love*" the author invites us to learn more about ourselves and our loved ones, as well as customs (such as the wedding shower), and the etymology of taken-for-granted vocabulary (for instance, "tying the knot").

Late Migrations: A Natural History of Love and Loss by ...

Diane Ackerman covers the history of love from Egypt through the present, examining the origins of rituals like marriage and where love comes from. It's a pretty ambitious topic, but the delicious details in the book--like that giving a "toast" comes from medieval times when people would put actual bread in the glass and drink until the liquid was gone--make it a fascinating and extremely educational read.

A Natural History of Love – Brain Pickings

A Natural History of Love. Chronicling the changing views of love through mostly Western history from Roman times through the Middle Ages and the era of Romanticism to the present, she cites the writings of Plato, Proust and Freud, among others. Delving into anthropology, psychology and neurology, as well as literature,...
