Late Migrations : NPR

“ When I set a glass prism on a windowsill and allow the sun to flood through it, a spectrum of colors dances on the floor. What we call "white" is a rainbow of colored rays packed into a small space. The prism sets them free. Love is the white light of emotion. ” Diane Ackerman, A Natural History of Love

Written nearly two decades ago, A Natural History Of Love (public library) by prolific science historian Diane Ackerman, Carl Sagan’s favorite cosmic poet, endures as one of the most dimensional explorations of humanity’s highest emotion. Ackerman begins with a meditation on love’s many faces, inescapable power, and ineffable nature:

A Natural History of Love by Diane Ackerman: 9780679761839 ...

With her poet’s ear for sentences and a teaching tone, she brings science to the pleasure readers. In a Natural History of Love, she leads the reader through the science of love without diminishing love to mere science—quite the feat. The book is anecdotes and research, poetry and history, facts and feelings.
