But when the soldiers come to her sleepy Cuban town, everything begins to change. Freedoms are stripped away. Neighbors disappear. And soon, Luc í a's parents make the heart-wrenching decision to send her and her little brother to the United States—on their own. Suddenly plunked down in Nebraska with well-meaning strangers, Luc í a struggles to adapt to a new country, a new language, a new way of life. But what of her old life? Wise Craft Quilts Harper Collins Professor Colin Ayres has spent years researching the strange story of Galina, Arizona, a sleepy border town ripped apart by violence and paranoia after the outbreak of a mysterious illness in 1960. Colin is certain the Galina Incident was simply a case of mass hysteria. But when his partner, Alonzo, starts exhibiting strange symptoms, Colin is shocked to realize they are the same as those that emerged in Galina decades ago. As Alonzo ' s condition worsens, Colin scrambles to piece together what really happened during that terrible summer in the past. He uncovers a story of murder, corruption, and fanaticism. The deeper he digs, the more he becomes convinced that what happened in Galina wasn ' t

mass hysteria after all. When others start to develop the same eerie symptoms, Colin must confront the possibility that someone—or something—is driving the plague. Guided by rumors of a person who found a way to stop the plague in the sixties, Colin races to find answers before the disease destroys Alonzo and everyone else it touches.

Lucy's Chantress magic will make her the most powerful—and most hunted—girl in England in this "richly and thoughtfully written" story (Publishers Weekly). "Sing, and the darkness will find you." This warning has haunted Lucy ever since she was shipwrecked on a lonely island. Lucy's guardian, Norrie, has lots of rules, but the most important is that Lucy must never sing. Not ever. But on All Hallows' Eve, Lucy hears a tantalizing melody on the wind. She can't help but sing along—and she is swept into darkness.

When she awakes in England, Lucy hears powerful men discussing Chantresses—women who can sing magic into the world. They are hunting her, but she escapes and finds sanctuary with the Invisible College, an organization plotting to overthrow the nefarious Lord Protector. The only person powerful enough to bring about his downfall is a Chantress. And Lucy is the last one in England. Lucy struggles to master the song-spells and harness her power, but the Lord Protector is moving quickly. And her feelings for Nat, an Invisible College apprentice and scientist who deeply distrusts her magic, only add to her confusion... Time is running out, and the fate of England hangs in the balance in this entrancing novel that is atmospheric and lyrical, dangerous and romantic.

Into the Woods Harry N. Abrams

In a smart and funny novel by the author of the critically acclaimed "big-hearted, charming" (The Washington Post) *Small Admissions*, a family's move to New York City brings surprises and humor. Allison Brinkley--wife, mother, and former unflappable optimist--discovers that her decision to pack up and move her family from suburban Dallas to the glittery chaos of Manhattan may have been more complicated than she and her husband initially thought. New York is more unruly and bewildering than she expected, defying the notions she developed from

romantic movies and a memorable childhood visit. After a humiliating call from the principal's office and the loss of the job she was counting on, Allison begins to accept that New York may not suit her after all. When she has a fender-bender, witnessed by a flock of mothers at her son's new school, she is led to the penthouse apartment of a luxurious Central Park West building and encounters a spoiled, hungover, unsupervised teenager who looks familiar. It doesn't take long to recognize him as Carter Reid—a famous pop star who has been cast in a new Broadway musical. Through this brush with stardom, Allison embraces a unique and unexpected opportunity that helps her find her way in the heart of Manhattan. "A tribute to Broadway, teen celebrity life, and a mother who has now seen it all, this work is tough love at its finest and a great read for those wanting a ride on the wild side" (Booklist, starred review).

Parable of the Sower Harper Collins

The history of art is inseparable from the history of color. And what a fascinating story they tell together: one that brims with an all-star cast of characters, eye-opening details, and unexpected detours through the annals of human civilization and scientific discovery.

Enter critically acclaimed writer and popular journalist Victoria Finlay, who here takes readers across the globe and over the centuries on an unforgettable tour through the brilliant history of color in art. Written for newcomers to the subject and aspiring young artists alike, Finlay's quest to uncover the origins and science of color will beguile readers of all ages with its warm and conversational style. Her rich narrative is illustrated in full color throughout with 166 major works of art—most from the collections of the J. Paul Getty Museum.

Readers of this book will revel in a treasure trove of fun-filled facts and anecdotes. Were it not for Cleopatra, for instance, purple might not have become the royal color of the Western world. Without Napoleon, the black graphite pencil might never have found its way into the hands of Cézanne. Without mango-eating cows, the sunsets of Turner might have lost their shimmering glow. And were it not for the pigment cobalt blue, the halls of museums worldwide might still be filled with forged Vermeers. Red ocher, green earth, Indian yellow, lead white—no pigment from the artist's broad and diverse palette escapes Finlay's shrewd eye in this breathtaking exploration.

A Perfect Red recounts the colorful history of cochineal, a legendary red dye that was once one of the world's most precious commodities. Treasured by the ancient

Mexicans, cochineal was sold in the great Aztec marketplaces, where it attracted the attention of the Spanish conquistadors in 1519. Shipped to Europe, the dye created a sensation, producing the brightest, strongest red had ever seen. Soon Spain's cochineal monopoly was worth a fortune. Desperate to find their own sources of the elusive dye, the English, French, Dutch, and other Europeans tried to crack the enigma of cochineal. Did it come from a worm, a berry, a seed? Could it be stolen from Mexico and transplanted to their own colonies? Pirates, explorers, alchemists, scientists, and spies -- all joined the chase for cochineal, a chase that lasted more than three centuries. A Perfect Red tells their stories -- true-life tales of mystery, empire, and adventure, in pursuit of the most desirable color on earth.

The biggest stars write bestselling books, grab high ratings on Christian television, and even preach. Bowler offers a sympathetic and revealing portrait of megachurch women

celebrities, showing how they must balance the demands of celebrity culture and conservative, male-dominated faiths. And black celebrity preachers' wives carry a special burden of respectability.
