New York Times bestselling author Rainbow Rowell's epic fantasy, the Simon Snow trilogy, concludes with *Any Way the Wind Blows*. In *Carry On*, Simon Snow and his friends realized that everything they thought they understood about the world might be wrong. And in *Wayward Son*, they wondered whether everything they understood about themselves might be wrong. In *Any Way the Wind Blows*, Simon and Baz and Penelope and Agatha have to decide how to move forward. For Simon, that means deciding whether he still wants to be part of the World of Mages — and if he doesn't, what does that mean for his relationship with Baz? Meanwhile Baz is bouncing between two family crises and not finding any time to talk to anyone about his newfound vampire knowledge. Penelope would love to help, but she's smuggled an American Normal into London, and now she isn't sure what to do with him. And Agatha? Well, Agatha Wellbelove has had enough. *Any Way the Wind Blows* takes the gang back to England, back to Watford, and back to their families for their longest and most emotionally wrenching adventure yet. This book is a finale. It tells secrets and answers questions and lays ghosts to rest. *Carry On* was conceived as a book about Chosen One stories; *Any Way the Wind Blows* is an ending about endings. About catharsis and closure, and how we choose to move on from the traumas and triumphs that try to define us.

INSTANT NEW YORK TIMES BESTSELLER *INSTANT USA TODAY BESTSELLER*

INSTANT #1 INDIE BESTSELLER From the New York Times bestselling author of *Red, White & Royal Blue* comes a new romantic comedy that will stop readers in their tracks... For cynical twenty-three-year-old August, moving to New York City is supposed to prove her right: that things like magic and cinematic love stories don't exist, and the only smart way to go through life is alone. She can't imagine how waiting tables at a 24-hour pancake diner and moving in with too many weird roommates could possibly change that. And there's certainly no chance of her subway commute being anything more than a daily trudge through boredom and electrical failures. But then, there's this gorgeous girl on the train. Jane. Dazzling, charming, mysterious, impossible Jane. Jane with her rough edges and swoopy hair and soft smile, showing up in a leather jacket to save August's day when she needed it most. August's subway crush becomes the best part of her day, but pretty soon, she discovers there's one big problem: Jane doesn't just look like an old school punk rocker. She's literally displaced in time from the 1970s, and August is going to have to use everything she tried to leave in her own past to help her. Maybe it's time to start believing in some things, after all. Casey McQuiston's *One Last Stop* is a magical, sexy, big-hearted romance where the impossible becomes possible as August does everything in her power to save the girl lost in time. "A dazzling romance, filled with plenty of humor and heart." - *Time Magazine*, "The 21 Most Anticipated Books of 2021" "Dreamy, otherworldly, smart, swoony, thoughtful, hilarious - all in all, exactly what you'd expect from Casey McQuiston!" - *Jasmine Guillory*, New York Times bestselling author of *The Proposal* and *Party for Two*

Hailed as one of the greatest novels of all time and a classic of world literature, *War and Peace* is a tale of strivers in a world fraught with conflict, social and political change, and spiritual confusion, Tolstoy's magnificent work continues to entertain, enlighten, and inspire readers around the world. Both an intimate study of individual passions and an epic history of Russia and its people, 'War and Peace' is nothing more or less than a complete portrait of human existence. Among its many unforgettable characters is Prince Andrey Bolkonsky, a proud, dashing man who, despising the artifice of high society, joins the army to achieve glory. Badly wounded at Austerlitz, he begins to discover the emptiness of everything to which he has devoted himself. His death scene is considered one of the greatest passages in Russian literature. Terror swiftly engulfs the country as Napoleon's army marches on Russia, and the lives of three young people are changed forever. The stories of quixotic Pierre, cynical Andrey and impetuous Natasha interweave with a huge cast, from aristocrats and peasants, to soldiers and Napoleon himself. In *War and Peace* (1868-9), Tolstoy entwines grand themes—conflict and love, birth and death, free will and fate.

For fans of *Hatchet* and *Island of the Blue Dolphins* comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, *The Cay*. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand—until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story... The idea that all humanity would benefit from this special form of color blindness permeates the whole book... The result is a story with a high ethical purpose but no sermon."—*New York Times Book Review* "A taut tightly compressed story of endurance and revelation... At once barbed and tender, tense and fragile—as Timothy would say, 'outrageous good.'"—*Kirkus Reviews* * "Fully realized setting... artful, unobtrusive use of dialect... the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children's literature."—*School Library Journal*, Starred "Starkly dramatic, believable and compelling."—*Saturday Review* "A tense and moving experience in reading."—*Publishers Weekly* "Eloquently underscores the intrinsic brotherhood of man."—*Booklist* "This is one of the best survival stories since *Robinson Crusoe*."—*The Washington Star* · A New York Times Best Book of the Year · A School Library Journal Best Book of the Year · A Horn Book Honor Book · An American Library Association Notable Book · A Publishers Weekly Children's Book to Remember · A Child Study Association's Pick of Children's Books of the Year · Jane Addams Book Award · Lewis Carroll Shelf Award · Commonwealth Club of California: Literature Award · Southern California Council on Literature for Children and Young People Award · Woodward School Annual Book Award · Friends of the Library Award, University of California at Irvine

ABOUT THE BOOK Is it possible to be at peace while your country is at war? Today, the answer to that question often seems to be a decisive yes; while the United States is entangled in military conflicts in numerous far-away countries, the average American citizen is able to lead a largely untouched life. Except perhaps for the price of gas at the pump, itself more an economic than political ramification, we face few harsh reminders about the wars that are being fought in our name. This was not always the case. When John Knowles, author of *A Separate Peace*, sat down to write a novel inspired by his experiences as a high school student during World War II, he was reflecting on an era that demanded far more sacrifices from the average U.S. citizen. In addition to the food and fuel shortages that affected even the upper-class rungs of society that Knowles was part of, people were also forced to live with the war as an enormous psychological specter that was nearly impossible to ignore. Because of the novel's frank and emotional portrayal of the way in which youths experienced World War II, *A Separate Peace* is considered a classic of modern American literature and is a staple of high school curriculums, still appearing regularly on bestseller lists, such as the January 23-29 2012 list in the *Boston Globe*. According to the *Los Angeles Times*, Knowles felt incredibly validated by the book's popularity, explaining, "What touches me most, what pleases me most, is that people who are far removed from the world of prep schools love it." The world depicted in the pages of this novel is based largely on the one Knowles himself knew as a teenager in the early 1940s. Devon, the fictional school attended by the books' characters, is modeled closely after Phillips Exeter Academy, an elite college preparatory school in New Hampshire, where Knowles himself studied. Many of the historical details of the book—such as the apple harvesting, the shoveling work at the railroad, the absence of senior faculty, and the disappearance of maids from the campus—are ones Knowles experienced directly as a student. Howard T. Easton, a former instructor at Exeter, published a reflection about the school's culture during the war in *The Exonian*, in which he recalls, "We all had to adapt to unusual circumstances, some of them quite trying." In addition to being a faithful rendition of a particular historical time and place, *A Separate Peace* also offers readers a timeless depiction of friendship, the struggles of adolescence and the loss of innocence. Just as the main characters are unable to hide from the war, they are also unable to forestall the onset of adulthood, a transition that marks the end of the carefree, naïve happiness they knew as boys during the summer session. Each character grapples with these changes in his own way, but in the end, none of them is left unchanged. k EXCERPT FROM THE BOOK Fifteen years after graduating from the Devon School, a college preparatory school for wealthy young boys, Gene Forrester returns to campus for the first time. There are two places in particular he aims to visit: a marble staircase in one of the school's halls and a certain tree on the edge of the Devon River. Upon reaching the staircase in question, he notes with some foreboding that they appear to be particularly hard stairs, as generations of boys' boots have barely made any indentation on the steps. Trudging through the rain across the muddy campus, Gene struggles to pick out the tree he's in search of. When he does identify the tree, he notes with some relief that it seems smaller and less intimidating than he remembered. ...buy the book to continue reading!

[The Tragedy Test](#) HarperCollins

For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling

books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

The Wheel of Time® is a PBS Great American Read Selection! Now in development for TV! Since its debut in 1990, *The Wheel of Time*® by Robert Jordan has captivated millions of readers around the globe with its scope, originality, and compelling characters. In *Towers of Midnight*, the Last Battle has started. The seals on the Dark One's prison are crumbling. The Pattern itself is unraveling, and the armies of the Shadow have begun to boil out of the Blight. The sun has begun to set upon the Third Age. Perrin Aybara is now hunted by specters from his past: Whitecloaks, a slayer of wolves, and the responsibilities of leadership. All the while, an unseen foe is slowly pulling a noose tight around his neck. To prevail, he must seek answers in Tel'aran'rhoid and find a way—at long last—to master the wolf within him or lose himself to it forever. Meanwhile, Matrim Cauthon prepares for the most difficult challenge of his life. The creatures beyond the stone gateways—the Aelfinn and the Eelfinn—have confused him, taunted him, and left him hanged, his memory stuffed with bits and pieces of other men's lives. He had hoped that his last confrontation with them would be the end of it, but the Wheel weaves as the Wheel wills. The time is coming when he will again have to dance with the Snakes and the Foxes, playing a game that cannot be won. The Tower of Ghenjei awaits, and its secrets will reveal the fate of a friend long lost. Dovie'andi se tovyva sagain. It's time to toss the dice. TV series update: "Sony will produce along with Red Eagle Entertainment and Radar Pictures. Rafe Judkins is attached to write and executive produce. Judkins previously worked on shows such as ABC's "Agents of SHIELD," the Netflix series "Hemlock Grove," and the NBC series "Chuck." When tragedy strikes we want to know: Why did this happen? How could it have happened? Where is life's justice and fairness? When tragedy strikes we need to know: What still makes sense. What paths lead to healing. How to deal with the timeless questions. When Rabbi Richard Agler's twenty-six-year-old daughter Talia was struck and killed by a motor vehicle, his understanding of tragedy failed him. This book is an account of a journey, one he had no choice but to take, leading from unimaginable grief to (at least partial) recovery. In clear and compelling language, with references to both ancient and modern sources of wisdom, Rabbi Agler offers insight for everyone who has, or who one day might, experience painful loss. The *Tragedy Test* may give you enhanced clarity on some of humanity's most profound questions. It may lead you to reimagine the nature of our universe. It may fundamentally challenge your understanding of the God you thought you knew. It will not leave you unmoved or unchanged.

A Separate Peace Simon and Schuster

Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. *Parenting Matters* identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.
