[A Short History of Financial Euphoria Summary - eNotes.com](#)

This book is indeed a "short" history of Financial Euphoria. I would have liked a much longer and more detailed history by Mr. Galbraith. In a previous book, "The Great Crash 1929," much of what is in this book has already been expressed. In fact, I think most of this work was excerpted directly from the "The Great Crash" verbatim.

History is full of sensational financial frauds and scams. Enron was forced to declare bankruptcy after allegations of massive accounting fraud, wiping out \$78 billion in stock market value. Bernie Madoff, the largest individual fraudster in history, built a \$65 billion Ponzi scheme that ultimately resulted in him being sentenced to a 150-year prison term.

The first documented effort of the short selling of securities in

financial history dates to 1609, when Isaac Le Maire, a sizeable

shareholder of the VOC, initiated the first recorded bear raid,

selling shares of the Company short to buy them back at a profit.
