In an essay, article, or book, an introduction (also known as a prolegomenon) is a beginning section which states the purpose and goals of the following writing. This is generally followed by the body and conclusion. The introduction typically describes the scope of the document and gives the brief explanation or summary of the document. Here's How to Write an Introduction (Examples

[Introduction \(writing\) - Wikipedia](#)

The introduction for a short story should always be juicy... It should give the reader enough incentive to go on. Oftentimes, the reader asks herself “What is in it for me?” It is your job, as the writer, to answer that question. Whether or not she will proceed with reading your story depends on how well you answer that question.
