How does one read the Old Testament as Christian Scripture? This question, voiced in both academic and ecclesial settings, invites a reflection on how to take these texts with both hermeneutical alertness and sustained imaginative seriousness. While scholars have recently engaged in robust discussion about theological hermeneutics, there have been relatively few worked examples with particular Old Testament texts. This book seeks to meet this need by providing a close reading of Isaiah 14:3-23, a text with a complex amalgam of textual, historical-critical, history-of-reception, and theological issues.

Out of the Darkness is a culmination of a journey with God to help other men who suffer from the snare of pornography. It is direct and blunt in its narrative, yet brings in the experiences of men of the Bible who also struggled with sin issues. The study attempts to show that as a man, you are to honor God, and are to be the leader of His creation that he designed you to be. The major emphasis of your leadership position in God's creation is to honor woman, whom He created to be your partner in the journey of life. Out of the Darkness emphasizes that woman is to be honored, not objectified or glorified. Glory is to go to God in all aspects of your life, as you seek to be a man of God; not a man of the world (sin). It brings in the tie that exists between pornography and human trafficking, teaching that women who are bought and sold, whether in a pornographic photograph, or for a sexual act, are not being treated the way that God designed woman to be treated.

Find comfort in dark times and grow your trust and faith in God with this inspiring and insightful guide from Lakewood Church pastor and #1 New York Times bestselling author Joel Osteen. All of us will go through dark times that we don't understand: a difficulty with a friend, an unfair situation at work, a financial setback, an unexpected illness, a divorce, or the loss of a loved one. Those types of experiences are part of the human journey. But when we find ourselves in such a place, it's important that we keep a positive perspective. Joel Osteen writes that if we stay in faith and keep a good attitude when we go through challenges, we will not only grow, but we will see how all things work together for our good. Through practical applications and scriptural insight, *Blessed in the Darkness* focuses on how to draw closer to God and trust Him when life doesn't make sense. If we will go through the dark place in the valley trusting, believing, and knowing that God is still in control, we will come to the table that is already prepared for us, where our cup runs over.

When a bomb goes off at 221B Baker Street, Evelina Cooper is thrown into her uncle Sherlock's world of mystery and murder. But just when she thought it was safe to return to the ballroom, old, new, and even dead enemies are clamoring for a place on her dance card. Before Evelina's even unpacked her gowns for a country house party, an indiscretion puts her in the power of the ruthless Gold King, who recruits her as his spy. He knows her disreputable past and exiles her to the rank alleyways of Whitechapel with orders to unmask his foe. As danger mounts, Evelina struggles between hiding her illegal magic and succumbing to the darker aspects of her power. One path keeps her secure; the other keeps her alive. For rebellion is brewing, a sorcerer wants her soul, and no one can protect her in the hunting grounds of Jack the Ripper. This book is a genre-breaking response to the literature on study abroad. It stakes claim to an uncharted space between reflective pedagogy, public history studies, and investigations into dark tourism. Drawing on the author’s experience of teaching short-term summer programs and courses in London between 2011 and 2018 that focused wholly or in part on the Whitechapel murders of 1888, the book analyzes experiential learning in the study abroad context. The book is informed by the instructor’s reflections; students’ informal essays and anonymous evaluations; and the scholarship of teaching and learning. It begins by situating programs and courses on the Whitechapel murders in the context of debates about overseas and experiential learning. It then proceeds to discuss the constraints to and possibilities for devising study abroad programs to include graduate students in humanistic disciplines; assignments and classroom activities utilized, including those with a

reenactment component; the ethical complexities of teaching at dark sites; and the pedagogical implications of learning about Jack the Ripper in an age of terror. It concludes with reflections on the differences between study abroad programs and courses in cultivating students’ global-mindedness.

An immensely persuasive work of literary criticism that opens a new chapter in the American dialogue on race—and promises to change the way we read American literature—from the acclaimed Nobel Prize winner Morrison shows how much the themes of freedom and individualism, manhood and innocence, depended on the existence of a black population that was manifestly unfree—and that came to serve white authors as embodiments of their own fears and desires. According to the *Chicago Tribune*, Morrison “reimagines and remaps the possibility of America.” Her brilliant discussions of the “Africanist” presence in the fiction of Poe, Melville, Cather, and Hemingway leads to a dramatic reappraisal of the essential characteristics of our literary tradition. Written with the artistic vision that has earned the Nobel Prize-winning author a pre-eminent place in modern letters, *Playing in the Dark* is an invaluable read for avid Morrison admirers as well as students, critics, and scholars of American literature.

Heart of Darkness Annotated Vintage
Heart of Darkness is often considered the world’s best short novel. The book serves as a bridge between the 19th century and modernism, an adventure tale revolving around the ambiguity of themes such as truth, morality, and evil. Joseph Conrad witnessed the European exploitation of the Congo with his own eyes. He once sailed up the Congo River himself to locate a countryman at a trading station deep within the country—even though this man wasn't named Kurtz. The goal and enigma of the journey have become synonymous with this name, one of the most unforgettable fictional characters of our time. JOSEPH CONRAD [1857–1924] was born in Ukraine to Polish parents, went to sea at the age of seventeen, and ended his career as a captain in the English

merchant navy. His most famous work is the novella *Heart of Darkness* [1899], adapted into a film by Francis Ford Coppola in 1979 as *Apocalypse Now*.

W. R. Johnson confronts the inherent (and much commented upon) melancholy of Vergil's poem, and gives us an interpretation as brilliant and as it is original. He questions accepted readings that emphasize Vergil's faith in empire. Instead, he points to Vergil's multiple allegories, his lyrical and enigmatic style, and the ways in which Vergil teaches us about darkness. Using close readings and comparisons to Homer, Johnson reveals how wise and moving the *Aeneid* can be. No poet,” he writes, not Dante himself, has imagined the disintegration of justice and truth with such precision and power, and for this reason no poet, not Homer himself, has shown how precious and how fragile are the formation and equilibrium of man's integrity of spirit.”

As an artist, David Bowie was widely considered a “chameleon,” shedding one persona to create another and thus staying popular, relevant and compelling. In reality, Bowie was able to work with the resources around him to create something new, causing many to see him as a sort of lone artist rather than a collaborator in the creation of his own celebrity. Mid-career, Bowie began presenting himself as a figure in darkness, progressively more hidden. He required an audience for his continued celebrity but worked against that audience in the creation--or rather the destruction--of his star image. This tension is made clear in his 1995

album 1. Outside, which has him performing for an audience while simultaneously shunning them. This book explores Bowie's negotiation of his celebrity during his later career, with particular focus on 1. Outside, an album symptomatic of deep-seated societal and personal anxiety.

Darkness Visible McFarland This Thing of Darkness, Joan Neuberger's engrossing production history of Sergei Eisenstein's Ivan the Terrible, is a major contribution to the study of Eisenstein and thus informs the history and theory of cinema and the study of Soviet culture and politics. Neuberger's ability to mine, interpret, and connect Eisenstein's voluminous, intriguingly digressive writings makes this book exceptional.— Karl

Oeler, Stanford University Sergei Eisenstein's unfinished masterpiece, Ivan the Terrible, was no ordinary movie. Commissioned by Joseph Stalin in 1941 to justify state terror in the sixteenth century and in the twentieth, the film's politics, style, and epic scope aroused controversy even before it was released. In This Thing of Darkness, Joan Neuberger offers a sweeping account of the conception, making, and reception of Ivan the Terrible that weaves together Eisenstein's expansive thinking and experimental practice with a groundbreaking new view of artistic production under Stalin. Drawing on Eisenstein's unpublished production notebooks, diaries, and manuscripts, Neuberger's riveting narrative chronicles Eisenstein's personal, creative, and political challenges and reveals the ways cinematic invention, artistic theory, political critique, and historical and psychological analysis went hand in hand in this famously complex film. Neuberger's bold arguments and daring insights into every aspect of Eisenstein's work during this period, together with her ability to lucidly connect his wide-ranging late theory with his work on Ivan, show the director exploiting the institutions of Soviet artistic production not only to expose the cruelties of Stalin and his circle but to challenge the fundamental principles of Soviet ideology itself.

Ivan the Terrible, she argues, shows us one of the world's greatest filmmakers and one of the 20th century's greatest artists observing the world around him and experimenting with every element of film art to explore the psychology of political ambition, uncover the history of recurring cycles of violence and lay bare the tragedy of absolute power.
