This book argues that God's mission is broad and that all of us can live with missional intentionality by understanding the many facets of missions and focusing on a particular

calling. Just like different instruments of a symphony harmonize together, each aspect of human participation in mission--evangelism, justice initiatives, poverty alleviation, faithful work in the marketplace, art--helps us play our part in God's work in the world. Combining expertise from a mission scholar and a working pastor, the book includes practical examples and tools to help readers imagine their part in God's mission.

"A mesmerizing, mythic saga" of a Texas family damaged by a dark past, and a son driven by a need for redemption (The New York Times Book Review). On a moonless Texas night in 1895, an ambitious young landowner suffers the loss of his wife--"the only woman he's ever been fond of"--when she dies giving birth to their fourth son, Karel. The boy is forever haunted by thoughts of the mother he never knew and the bloodshot blame in his father's eyes,

and is permanently marked by the yoke he and his brothers are forced to wear to plow the family fields. But from an early age, Karel proves remarkably talented on horseback, and his father enlists him to ride in horseraces against his neighbors, with acreage as the prize. Now, Karel prepares for a high-stakes race against a powerful Spanish patriarch and his alluring daughters—and hanging in the balance are his father's fortune, his

brothers' futures, and his own fate—in this “powerful story of familial love, anguish, and hatred” (The Dallas Morning News). “[A] luminous and wrenching tale of four motherless brothers.” —Entertainment Weekly “This intense, fast-paced debut novel is hard to put down. Machart’s hard-hitting style is sure to capture fans of Cormac McCarthy and Jim Harrison.” —Library Journal, starred review “A gripping American drama.” —Tim O’Brien,

environments on the planet. In May 1882, they broke the 300-year-old record, and returned to camp to eagerly await the resupply ship scheduled to return at the end of the year. Only nothing came. 250 miles south, a wall of ice prevented any rescue from reaching them. Provisions thinned and a second winter descended. Back home, Greely's wife worked tirelessly against government resistance to rally a rescue mission. Months passed, and Greely made a drastic choice: he and his men loaded the remaining provisions and tools onto their

five small boats, and pushed off into the treacherous waters. After just two weeks, dangerous floes surrounded them. Now new dangers awaited: insanity, threats of mutiny, and cannibalism. As food dwindled and the men weakened, Greely's expedition clung desperately to life. *Labyrinth of Ice* tells the true story of the heroic lives and deaths of these voyagers hell-bent on fame and fortune—at any cost—and how their journey

changed the world.

Award-winning author

Margarita Engle comes a lively, rhythmic picture book about a little girl visiting her grandfather who is a pregonero—a singing street vendor in Cuba—and helping him sell his frutas. When we visit mi abuelo, I help him sell frutas, singing the names of each fruit as we walk, our footsteps like drumbeats, our

hands like maracas, shaking...

The little girl loves visiting her grandfather in Cuba and singing his special songs to sell all kinds of fruit: mango, limón, naranja, piña, and more! Even when they're apart, grandfather and granddaughter can share rhymes between their countries like un abrazo—a hug—made of words carried on letters that soar across the distance like songbirds.

Plan for the Worst *Headline Dead End in Norvelt* is the winner of the 2012 Newbery

Medal for the year's best contribution to children's literature and the Scott O'Dell Award for Historical Fiction! Melding the entirely true and the wildly fictional, *Dead End in Norvelt* is a novel about an incredible two months for a kid named Jack Gantos, whose plans for vacation excitement are shot down when he is "grounded for life" by his feuding parents, and whose nose spews bad blood at every little shock he gets. But plenty of excitement (and shocks) are coming Jack's way once his mom loans him out to help a feisty old neighbor with a most

unusual chore—typewriting obituaries filled with stories about the people who founded his utopian town. As one obituary leads to another, Jack is launched on a strange adventure involving molten wax, Eleanor Roosevelt, twisted promises, a homemade airplane, Girl Scout cookies, a man on a trike, a dancing plague, voices from the past, Hells Angels . . . and possibly murder. Endlessly surprising, this sly, sharp-edged narrative is the author at his very best, making readers laugh out loud at the most unexpected things in a dead-funny depiction of

growing up in a slightly off-kilter place where the past is present, the present is confusing, and the future is completely up in the air.

The #1 New York

Times–bestselling story about the American Olympic rowing triumph in Nazi

Germany—from the author of *Facing the Mountain*. Soon to

be a major motion picture directed by George Clooney. For readers of *Unbroken*, out of the depths of the Depression comes an irresistible story about beating the odds and finding hope in the most desperate of times—the improbable, intimate account of how nine working-class boys from the American West showed the world at the 1936 Olympics in Berlin what true grit really meant. It was an unlikely quest from the start. With a team composed of the sons of loggers, shipyard workers, and farmers, the University of Washington’s

eight-oar crew team was never expected to defeat the elite teams of the East Coast and Great Britain, yet they did, going on to shock the world by defeating the German team rowing for Adolf Hitler. The emotional heart of the tale lies with Joe Rantz, a teenager without family or prospects, who rows not only to regain his shattered self-regard but also to find a real place for himself in the world. Drawing on the boys’ own journals and vivid memories of a once-in-a-lifetime shared dream, Brown has created an unforgettable portrait of an era, a celebration

of a remarkable achievement, and a chronicle of one extraordinary young man's personal quest.

The Little Russian spotlights an exciting new voice in historical fiction, an assured debut that should appeal to readers of *Away* by Amy Bloom or *Cold Mountain* by Charles Frazier. The novel tells the story of Berta Alshonsky, who revels in childhood memories of her time spent with a wealthy family in Moscow – a life filled with salons, balls and

all the trappings of the upper class — very different from her current life as a grocer's daughter in the Jewish townlet of Mosny. So when a mysterious and cultured wheat merchant walks into the grocery, Berta's life is forever altered. She falls in love, unaware that he is a member of the Bund, The Jewish Worker's League, smuggling arms to the shtetls to defend them against the pogroms sweeping the Little Russian countryside. Married and established in the wheat center of Cherkast, Berta has recaptured the life she once had in Moscow. So when a smuggling operation goes awry and her husband must flee the country, Berta makes the vain and foolish choice to stay behind with her children and her finery. As Russia plunges into war, Berta eventually loses everything and must find a new way to sustain the lives and safety of her children. Filled with heart-stopping action, richly drawn characters, and a world seeped in war and violence; *The Little Russian* is poised to capture readers

as one of the hand-selling gems of the season.

A deeply personal work about identity and belonging in a nation coming apart at the seams, *Homeland Elegies* blends fact and fiction to tell an epic story of longing and dispossession in

the world that 9/11 made. Part family drama, part social essay, part picaresque novel, at its heart it is the story of a father, a son, and the country they both call home. Ayad Akhtar forges a new narrative voice to capture a country in which debt has ruined countless lives and the gods of finance rule, where immigrants live in fear, and where the nation's unhealed wounds wreak havoc around the world. Akhtar attempts to make sense of it all through the lens of a story about one family, from a heartland

town in America to palatial
suites in Central Europe to
guerrilla lookouts in the
mountains of Afghanistan,
and spares no one—least of all
himself—in the process.
