Son of the Morning Star North Point Press
"Sklenar contends that Custer did have a battle plan, one different from any other suggested by scholars thus far. Custer, he argues, had reason

to believe that his scheme might succeed with minimum bloodshed; made decisions consistent with army regulations and his best instincts as an experienced commander; had subordinates who could not overcome the limits of their personalities in a desperate situation; and made a selfless commitment to save the bulk of his regiment. Along the way, Sklenar appraises the officers and other men who served in the Seventh, evaluating the survivors' testimony and assessing the intent and motives of each."--BOOK JACKET.
My Grandma Loves This! Vintage

Learn why NASA astronaut Mike Collins calls this extraordinary space race story "the best book on Apollo": this inspiring and intimate ode to ingenuity celebrates one of the most daring feats in human history. When the alarm went off forty thousand feet above the moon's surface, both astronauts looked down at the computer to see 1202 flashing on the readout. Neither of them knew what it meant, and time was running out . . . On July 20, 1969, Neil Armstrong and Buzz Aldrin became the first humans to walk on the moon. One of the world's greatest technological achievements -- and a triumph of the American spirit -- the Apollo 11 mission was a mammoth undertaking involving more than 410,000 men and women dedicated to winning the space race against the Soviets. Set amid the tensions and upheaval of the sixties and the Cold War, *Shoot for the Moon* is a gripping account of the dangers, the challenges, and the sheer determination that defined not only Apollo 11, but also the Mercury and Gemini missions that came before it. From the shock of Sputnik and the heart-stopping final minutes of John Glenn's Mercury flight to the deadly whirligig of Gemini 8, the doomed Apollo 1 mission, and that perilous landing on the Sea of Tranquility -- when the entire world held its breath while Armstrong and Aldrin battled computer alarms, low fuel, and other problems -- James Donovan tells the whole story. Both sweeping and intimate, *Shoot for the Moon* is "a powerfully written and irresistible celebration" of one of humankind's most extraordinary accomplishments (Booklist, starred review).

Black Hills University of Oklahoma Press
An account of the legendary battle, told from a

Lakota perspective, documents key Lakota oral traditions to reveal the nuanced complexities that led up to and followed the conflict.

Custer's Trials Little, Brown

This is the first major illustrated book to examine the life and death of General Custer.

The Day the World Ended at Little Bighorn Crown

The Battle of the Rosebud may well be the largest Indian battle ever fought in the American West. The monumental clash on June 17, 1876, along Rosebud Creek in southeastern Montana pitted George Crook and his Shoshone and Crow allies against Sioux and Northern Cheyennes under Sitting Bull and Crazy Horse. It set the stage for the

battle that occurred eight days later when, just twenty-five miles away, George Armstrong Custer blundered into the very same village that had outmatched Crook. Historian Paul L. Hedren presents the definitive account of this critical battle, from its antecedents in the Sioux campaign to its historic consequences. Rosebud, June 17, 1876 explores in unprecedented detail the events of the spring and early summer of 1876. Drawing on an extensive array of sources, including government reports, diaries, reminiscences, and a previously untapped trove of newspaper stories, the book traces

the movements of both Indian forces and U.S. troops and their Indian allies as Brigadier General Crook commenced his second great campaign against the northern Indians for the year. Both Indian and army paths led to Rosebud Creek, where warriors surprised Crook and then parried with his soldiers for the better part of a day on an enormous field. Describing the battle from multiple viewpoints, Hedren narrates the action moment by moment, capturing the ebb and flow of the fighting. Throughout he weighs the decisions and events that contributed to Crook ' s tactical victory, and to his fateful decision thereafter not to pursue his adversary. The result is a uniquely comprehensive view of an engagement that made history and then changed its course. Rosebud was at once a battle won and a battle lost. With informed attention to the subtleties and significance of both outcomes, as well as to the fears and motivations on all sides, Hedren has given new meaning to this consequential fight, and new insight into its place in the larger story of the Great Sioux War. The Custer Myth Simon and Schuster Historical and contemporary photographs accompany a narrative

reflection on Lieutenant Colonel George Armstrong Custer's "Last Stand" at the Battle of Little Bighorn, which includes personal accounts of battle veterans. The Earth Is Weeping Little, Brown "An engrossing and tautly written account of a critical chapter in American history." --Los Angeles Times Nathaniel Philbrick, author of In the Hurricane's Eye, Pulitzer Prize finalist Mayflower, and Valiant Ambition, is a historian with a unique ability to bring history to life. The Last Stand is Philbrick's monumental reappraisal of the epochal clash at the Little Bighorn in 1876 that gave birth to the legend of Custer's Last Stand. Bringing a wealth of new information

to his subject, as well as his characteristic literary flair, Philbrick details the collision between two American icons- George Armstrong Custer and Sitting Bull-that both parties wished to avoid, and brilliantly explains how the battle that ensued has been shaped and reshaped by national myth.

Keep the Last Bullet for Yourself A Terrible Glory

A Terrible Glory Little, Brown
Where Custer Fell University of Oklahoma Press

The son of a village blacksmith in Ohio, Custer qualified last in his class at West Point. Yet he proved to be a brilliant Civil War commander from the moment he made his debut at

Gettysburg. At age twenty-five he was promoted to the rank of major general, a feat that earned him the sobriquet "the boy general." Following the war, as part of the frontier army, he was handed the task of protecting the railroads by reining in the Plains Indians. Resplendent in buckskin he steadily built a reputation as an Indian fighter, enhancing his legend with his own writings. Always forthright with his opinions, Custer may have held a future career, some have suggested, in politics. However, this will never be known, for on June 25, 1876 Custer reached his untimely end. Heavily outnumbered by a combined force of Sioux and Cheyenne warriors at the Battle of Little Bighorn, Custer's entire

company was cut down. Never before or since have Indians inflicted such a defeat on federal troops. This new illustrated book combines over 200 photographs and paintings, many in color, with a revised edition of Robert M. Utley's classic biography, *Cavalier in Buckskin*. Drawing on twelve years of additional research on Sitting Bull and the Battle of the Little Bighorn, Utley has dramatically changed his original interpretations of Custer's Last Stand, addressing the eternal question: might Custer have won?

The Real Custer Open Road Media
"This book contains simple, practical ideas and techniques that anyone can use. By following this step-by-step success system, you

can change your life from where it is now, to having the life of your dreams. It does not matter where you are right now. You may be doing okay but know you can be even more successful. Perhaps you are struggling to keep your head above water or, like most people, you're somewhere in between. Wherever you are right now, this book will help you devise a plan for your lifelong success. You can turn your life around beginning today. I know how you feel. I've seen hardship. I also know that you can change your circumstances. I have done it and I have watched as hundreds of thousands of others have done it too. The information in this book is not theory. These are not just a lot of nice ideas. They are proven strategies that work. These ideas have stood the test of time. The principles have been passed down through the ages. I have used these simple ideas to make major changes in my own life. I know they work and I know that if they worked for me, they'll work for you. Is this book a cure for the ills of the world? Of course not but it is a simple to use guide that can help you turn your life around. It can help a friend or loved one gain the confidence they need to change their life. I know this deep in my heart. I know

the ideas in *What Are You Waiting For?*, *It's Your Life* work. I've used them in my own life to go from living, as Thoreau so aptly put it, 'a life of quiet desperation,' to living a life today that is beyond my wildest dreams. Sometimes, all a person needs is a glimmer of hope. Sometimes, they need to know someone understands their frustration what they're going through. Sometimes, a simple little book comes along and offers that hope and encouragement." -- Jim Donovan, Author, Speaker, Life Coach
Crazy Horse and Custer Lennex Provides explanation of what occurred

on that day in 1876 when Sioux and Cheyenne warriors overwhelmed the Seventh Cavalry.

Custer Universal-Publishers

On February 23, 1836, a large Mexican army led by dictator Santa Anna reached San Antonio and laid siege to about 175 Texas rebels holed up in the Alamo. The Texans refused to surrender for nearly two weeks until almost 2,000 Mexican troops unleashed a final assault. The defenders fought valiantly-for their lives and for a free and independent Texas-but in the end, they were all slaughtered. Their ultimate sacrifice inspired the rallying cry "Remember the Alamo!"

and eventual triumph. Exhaustively researched, and drawing upon fresh primary sources in U.S. and Mexican archives, **THE BLOOD OF HEROES** is the definitive account of this epic battle. Populated by larger-than-life characters--including Davy Crockett, James Bowie, William Barret Travis--this is a stirring story of audacity, valor, and redemption.

Harvest of Barren Regrets Sound
Wisdom

When Paha Sapa, a young Sioux warrior, "counts coup" on General George Armstrong Custer as Custer lies dying on the battlefield at the Little Bighorn, the legendary

general's ghost enters him - and his voice will speak to him for the rest of his event-filled life. Seamlessly weaving together the stories of Paha Sapa, Custer, and the American West, Dan Simmons depicts a tumultuous time in the history of both Native and white Americans. Haunted by Custer's ghost, and also by his ability to see into the memories and futures of legendary men like Sioux war-chief Crazy Horse, Paha Sapa's long life is driven by a dramatic vision he experienced as a boy in his people's sacred Black Hills. In August of 1936, a dynamite worker on the massive Mount Rushmore project,

Paha Sapa plans to silence his ghost forever and reclaim his people's legacy--on the very day FDR comes to Mount Rushmore to dedicate the face.

Crazy Horse and Custer U of Nebraska Press

Brimming with authentic detail and an unforgettable cast of characters--from Sitting Bull and Crazy Horse to Ulysses Grant and Custer himself--this history of the Little Bighorn has the sweep of a great novel. Unabridged. 13 CDs.

Killing Custer Abrams

Treats the battle with Custer from the Indians' point of view, showing how their "victory" was merely a

last hurrah for a landless people stripped of their rights.

Shoot for the Moon University of Oklahoma Press

A portrait of the nineteenth-century cavalry commander traces his rise from an unpromising West Point graduate to a distinguished military leader, covering his complicated marriage, mythologized defeat at Little Big Horn, and enduring legacy.

Troopers with Custer Vintage Glendale, Calif.: b A.H. Clark Co., 1985.

General Custer, Libbie Custer and Their Dogs Penguin

General George Armstrong Custer and

his wife, Libbie Custer, were wholehearted dog lovers. At the time of his death at Little Bighorn, they owned a rollicking pack of 40 hunting dogs, including Scottish Deerhounds, Russian Wolfhounds, Greyhounds and Foxhounds. Told from a dog owner's perspective, this biography covers their first dogs during the Civil War and in Texas; hunting on the Kansas and Dakota frontiers; entertaining tourist buffalo hunters, including a Russian Archduke, English aristocrats and P. T. Barnum (all of whom presented the general with hounds); Custer's attack on the Washita village (when he was accused of strangling his own dogs); and the 7th Cavalry's march to Little Bighorn with an

analysis of rumors about a Last Stand dog. The Custers' pack was re-homed after his death in the first national dog rescue effort. Well illustrated, the book includes an appendix giving depictions of the Custers' dogs in art, literature and film.

The Last Stand Skyhorse Winner, 2011 High Plains Book Award, Nonfiction Commonly known as Custer's Last Stand, the Battle of Little Bighorn may be the best recognized violent conflict between the indigenous peoples of North America and the government of the United States. Incorporating the voices of Native Americans, soldiers, scouts, and women, Tim Lehman's concise, compelling narrative will forever

change the way we think about this familiar event in American history. On June 25, 1876, General George Armstrong Custer led the United States Army's Seventh Cavalry in an attack on a massive encampment of Sioux and Cheyenne Indians on the bank of the Little Bighorn River. What was supposed to be a large-scale military operation to force U.S. sovereignty over the tribes instead turned into a quick, brutal rout of the attackers when Custer's troops fell upon the Indians ahead of the main infantry force. By the end of the fight, the Sioux and Cheyenne had killed Custer and 210 of his men. The victory fueled hopes of freedom and encouraged further resistance among

the Native Americans. For the U.S. military, the lost battle prompted a series of vicious retaliatory strikes that ultimately forced the Sioux and Cheyenne into submission and the long nightmare of reservation life. This briskly paced, vivid account puts the battle's details and characters into a rich historical context. Grounded in the most recent research, attentive to Native American perspectives, and featuring a colorful cast of characters, *Bloodshed at Little Bighorn* elucidates the key lessons of the conflict and draws out the less visible ones. This may not be the last book you read on Little Bighorn, but it should be the first. What Are You Waiting For? It's YOUR Life University of Oklahoma Press

Bringing together Custer, Sherman, Grant, and other fascinating military and political figures, as well as great native leaders such as Crazy Horse, Sitting Bull, and Geronimo, this “sweeping work of narrative history” (San Francisco Chronicle) is the fullest account to date of how the West was won—and lost. After the Civil War the Indian Wars would last more than three decades, permanently altering the physical and political landscape of America. Peter Cozzens gives us both sides in comprehensive and singularly intimate detail. He illuminates the intertribal strife over whether to fight or make peace; explores the dreary, squalid lives of frontier soldiers and the imperatives of the Indian warrior culture; and describes the ethical quandaries faced by generals who often sympathized with their native enemies. In dramatically relating bloody and tragic events as varied as Wounded Knee, the Nez Perce War, the Sierra Madre campaign, and the Battle of the Little Bighorn, we encounter a pageant of fascinating characters, including Custer, Sherman, Grant, and a host of officers, soldiers, and Indian agents, as well as great native leaders such as Crazy Horse, Sitting Bull, Geronimo, and Red Cloud and the warriors they led. *The Earth Is Weeping* is a sweeping, definitive history of the battles and negotiations that destroyed the Indian way of life even as they paved the way for the emergence of the United States we know today.
