\*The Sunday Times Bestseller\* The brand new memoir from James Acaster: cult comedian, bestselling author of *Classic Scrapes*, undercover cop, receiver of cabbages. **PERFECT SOUND** **WHATEVER** is a love letter to the healing power of music, and how one man's obsessive quest saw him defeat the bullshit of one year with the beauty of another. Because that one man is James Acaster, it also includes tales of befouling himself in a Los Angeles steakhouse,

stealing a cookie from Clint Eastwood, and giving drunk, unsolicited pep talks to urinating strangers. January, 2017 James Acaster wakes up heartbroken and alone in New York, his relationship over, a day of disastrous meetings leading him to wonder if comedy is really what he wants to be doing any more. A constant comfort in James's life has been music, but he's not listened to anything new for a very long time. Idly browsing 'best of the year' lists, it dawns on him that 2016 may have been a grim year for a lot of reasons, but that it seemed to be an iconic year for music. And so begins a life-changing musical odyssey, as James finds himself desperately seeking solace in the music of 2016, setting himself the task of only listening to music released that year, ending up with 500 albums in his collection. Looking back on this year-long obsession, parallels begin to grow between the music and James's own life: his relationship history, the highs and lows of human connection, residual Christian guilt, and mental health issues that have been bubbling under the surface for years. Some albums are life-changing masterpieces, others are 'Howdilly Doodilly' by Okilly Dokilly, a metalcore album devoted to The Simpsons' character Ned Flanders, but all of them play a part the year that helped James Acaster get his life back on track.

Introducing a new star of her generation, an electric debut story collection about mixed-race and African-American teenagers, women, and men struggling to find a place in their families and communities. When Danielle Evans's short story "Virgins" was published in *The Paris Review* in late 2007, it announced the arrival of a major new American short story writer. Written when she was only twenty-three, Evans's story of two black, blue-collar fifteen-year-old girls' flirtation with adulthood for one night was startling in its pitch-perfect examination of race, class, and the shifting terrain of adolescence. Now this debut short story collection delivers on the promise of that early story. In "Harvest," a college student's unplanned pregnancy forces her to confront her own feelings of inadequacy in comparison to her white classmates. In "Jellyfish," a father's misguided attempt to rescue a gift for his grown daughter from an apartment collapse magnifies all he doesn't know about her. And in "Snakes," the mixed-race daughter of intellectuals recounts the disastrous summer she spent with her white grandmother and cousin, a summer that has unforeseen repercussions in the present. Striking in their emotional immediacy, the stories in *Before You Suffocate Your Own Fool Self* are based in a world where inequality is reality but where the insecurities of adolescence and young adulthood, and the tensions within family and the community, are sometimes the biggest

The Cambridge Companion to Hip-Hop Civitas Books

One of The Telegraph's Best Music Books 2011 Alex Ross's award-winning international bestseller, *The Rest Is Noise: Listening to the Twentieth Century*, has become a contemporary classic, establishing Ross as one of our most popular and acclaimed cultural historians. *Listen to This*, which takes its title from a beloved 2004 essay in which Ross describes his late-blooming discovery of pop music, showcases the best of his writing from more than a decade at *The New Yorker*. These pieces, dedicated to classical and popular artists alike, are at once erudite and lively. In a previously unpublished essay, Ross brilliantly retells hundreds of years of music history—from Renaissance dances to Led Zeppelin—through a few iconic bass lines of celebration and lament. He vibrantly sketches canonical composers such as Schubert, Verdi, and Brahms; gives us in-depth interviews with modern pop masters such as Björk and Radiohead; and introduces us to music students at a Newark high school and indie-rock hipsters in Beijing. Whether his subject is Mozart or Bob Dylan, Ross shows how music expresses the full complexity of the human condition. Witty, passionate, and brimming with insight, *Listen to This* teaches us how to listen more closely.

Amp Anthony is strong-willed, ruggedly handsome, with a body that women will pay just to look at. He is also a recently freed felon. It's not easy to make things whole again under the rules of the halfway house to which he's been released, especially since his parole officer would like nothing more than to send him back to prison. Amp is bound and determined to make sure that will never happen. Like most felons, Amp has a hell of a time finding and keeping a job because of his record. When all else fails, he uses his body, letting women look for a price. If they're willing to pay more, they can even touch. Under the supervision of savvy club owner Madam Fox, Amp becomes one of

the hottest male exotic dancers at Club Eden. Everything is strictly business until the club's attractive female DJ catches Amp's attention. Will either one of them be able to avoid the taboo of mixing business with pleasure? *Ladies Night* is an intense, thrilling, scandalous, and, at times, funny look at the transition of Amp Anthony from ex-con to exotic dancer, as he struggles to put the pieces of his life back together and escape the past that put him in prison in the first place.

**The Finder of the Lucky Devil** Penguin

The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood's blockbuster, Academy-Award nominated movie. "An amazingly detailed account of fighting in Iraq--a humanizing, brave story that's extremely readable." —PATRICIA CORNWELL, New York Times Book Review "Jaw-dropping...Undeniably riveting." —RICHARD ROEPER, Chicago Sun-Times From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

in London. A transmigrating spirit in Mongolia. What is the common thread of coincidence or destiny that connects the lives of these nine souls in nine far-flung countries, stretching across the globe from east to west? What pattern do their linked fates form through time and space? A writer of pyrotechnic virtuosity and profound compassion, a mind to which nothing human is alien, David Mitchell spins genres, cultures, and ideas like gossamer threads around and through these nine linked stories. Many forces bind these lives, but at root all involve the same universal longing for connection and transcendence, an axis of commonality that leads in two directions—to creation and to destruction. In the end, as lives converge with a fearful symmetry, *Ghostwritten* comes full circle, to a point at which a familiar idea—that whether the planet is vast or small is merely a matter of perspective—strikes home with the force of a new revelation. It marks the debut of a writer of astonishing gifts.
