Early one morning Gator climbs a tree, but he will not tell anyone why. Join Moose, Giraffe, Rhino and many more as they try and discover what this silly gator is up to in a tree. Illustrated by seven different artists in a collage of breathtaking styles, author Jordan Courtney takes us for a creative climb with this easy to read picture book.

A Tree of Night Knopf

Many years ago, strong hands planted a tiny tree into the ground. Throughout the years, the tree grew and grew and became a wondrous sight. Its many branches offered shade in the summer and provided a home to birds and shelter to animals. It became known as the family tree with its branches representing each person in the family. One night a strong wind tore a branch from the family tree. The loving hands that planted the tree helped ease the feeling of loss by coming up with a creative plan for the broken branch. A picture book for all ages, *The Family Tree* shares an inspiring promise of hope in the aftermath of a storm.

Do I have a child? Julia DeSmit knew she would face the question eventually, but she didn't expect it now. At twenty-four, she is finally content with the way her life has unfolded. A single mother to her son and young brother, she works at the local grocery store while chipping away at a two-year degree. All her free time is spent with her unorthodox familyher boys, her grandmother, and her boyfriend of five years. Its not perfect, but Julia is happier than ever. So when she receives the cryptic e-mail from her sons father, Julias world is turned upside down. She hasnt heard from Parker since he left her in a college parking lot nearly six years ago. But one look at her sonthe spitting image of his fatheris enough to convince her that, for better or worse, Parker is a part of their story. Faced with this new reality and an unexpected tragedy, Julia begins a tightrope walk between what was and what is, what she hopes for and what will be.

*Silent Night Penguin*

A PBS Great American Read Top 100 Pick The beloved American classic about a young girl's coming-of-age at the turn of the twentieth century. From the moment she entered the world, Francie Nolan needed to be made of stern stuff, for the often harsh life of Williamsburg demanded fortitude, precocity, and strength of spirit. Often scorned by neighbors for her family ' s erratic and eccentric behavior—such as her father Johnny ' s taste for alcohol and Aunt Sissy ' s habit of marrying serially without the formality of divorce—no one, least of all Francie, could say that the Nolans ' life lacked drama. By turns overwhelming, sublime, heartbreaking, and uplifting, the Nolans ' daily experiences are tenderly threaded with family connectedness and raw with honesty. Betty Smith has, in the pages of *A Tree Grows in Brooklyn*, captured the joys of humble Williamsburg life—from “junk day” on Saturdays, when the children of Francie ' s neighborhood traded their weekly take for pennies, to the special excitement of holidays, bringing cause for celebration and revelry. Betty Smith has artfully caught this sense of exciting life in a novel of childhood, replete with incredibly rich moments of universal experiences—a truly remarkable achievement for any writer.

Not so far away! The ice is melting, ocean levels have risen severely and the planet is in serious trouble. Power hungry leaders attempt to take advantage of this dire situation to gain more power. In the end it leads to a holocaust as Sam Gorkman creates a way to save the woman he loves and a special group of friends from disaster *Zee Grows a Tree* Tyndale House Publishers, Inc.

Benton Kirby is in a spot of bother... His life hasn't exactly gone to plan. This is hardly surprising, however, as he never really had one in the first place. Armed with a philosophy degree, a dead fiancé, a brother who drives Death around London in his black cab, and a girlfriend with a history of suicidal pets, Benton - ambitionless and emotionally disengaged - embarks, for no apparent reason, on an affair with a beautiful, sexually adventurous, Korean virgin. Following a strange snowballing of even stranger events, he finds himself, at last, exactly not where he ever imagined he would be, up a tree at night in the park with a hedgehog...

They put golden tinsel on his branches And golden bells And green icicles And silver stars And red and green and blue and purple chains of shining Christmas balls. All alone in an empty field grew a little fir tree. It dreamed of being part of a forest-or part of anything at all. Then one winter day, a man takes the little fir tree away and it finds itself at the center of a little boy's very special celebration. This treasured story by the legendary Margaret Wise Brown has been newly illustrated by award-winning artist Jim LaMarche. Warm, glowing paintings complement the gentle text to capture the true heart of Christmas.

Jack and Annie must travel back in time to New Orleans in 1915 to help a teenaged Louis Armstrong fulfill his destiny and become the "King of Jazz." [Once Upon a Time](#) Random House Books for Young Readers

This fable of a little leaf looking for his purpose will delight children and their caretakers. The whirling, swirling adventures of an ordinary little leaf high on a tree, struggling to find its purpose. The leaf watches baby birds break out of their shells and grow until they learn to fly. Caterpillars wrap themselves in silk and emerge as magnificent butterflies. Warm sunny days get shorter and windy chilly nights grow longer. The little leaf is terribly worried that it should be transforming too. It no longer noticed anything other than the thoughts spinning in its head. The leaf held on to the tree with all its might, growing exhausted as increasingly cooler winds blew. Then one day, the leaf noticed it had become a beautiful crimson color. And it became aware that maybe, maybe it was time for the leaf to fly too. The leaf was very tired, so it just let go. As it danced and twirled to the ground in the amber sunlight, the leaf finally learns its own unique purpose.

[Gator in a Tree](#) CreateSpace

A man named Jesus, whom is considered the Christ by countless people around the world to this day, lost his life at the hands of barbarians while residing in Canaan, where he devoted his life to making those around him aware they had the potential to become gods. Despite the accumulation of so many technological innovations over the past two millennium that were supposed to ease the daily hardship of people everywhere, so more time could be devoted to pursuits that cultivate the mind, evidence indicates that the size of the Homo-sapien brain, male and female alike, has persistently decreased over this passage of time. The pain, and suffering, endured by Jesus was supposed to serve as a wake up call to the savages in his midst, and the generations to follow, that they had much to learn about what he means to be civilized, as we see amply evidence of to this very day.

*A Tree Grows in Brooklyn* Feiwel & Friends

NEW YORK TIMES BEST SELLER • From the world's leading forest ecologist who forever changed how people view trees and their connections to one another and to other living things in the forest—a moving, deeply personal journey of discovery Suzanne Simard is a pioneer on the frontier of plant communication and intelligence; she's been compared to Rachel Carson, hailed as a scientist who conveys complex, technical ideas in a way that is dazzling and profound. Her work has influenced filmmakers (the *Tree of Souls* of James Cameron's *Avatar*) and her TED talks have been viewed by more than 10 million people worldwide. Now, in her first book, Simard brings us into her world, the intimate world of the trees, in which she brilliantly illuminates the fascinating and vital truths--that trees are not simply the source of timber or pulp, but are a complicated, interdependent circle of life; that forests are social, cooperative creatures connected through underground networks by which trees communicate their vitality and vulnerabilities with communal lives not that different from our own.

---

Simard writes--in inspiring, illuminating, and accessible ways—how trees, living side by side for hundreds of years, have evolved, how they perceive one another, learn and adapt their behaviors, recognize neighbors, and remember the past; how they have agency about the future; elicit warnings and mount defenses, compete and cooperate with one another with sophistication, characteristics ascribed to human intelligence, traits that are the essence of civil societies--and at the center of it all, the Mother Trees: the mysterious, powerful forces that connect and sustain the others that surround them. Simard writes of her own life, born and raised into a logging world in the rainforests of British Columbia, of her days as a child spent cataloging the trees from the forest and how she came to love and respect them—embarking on a journey of discovery, and struggle. And as she writes of her scientific quest, she writes of her own journey--of love and loss, of observation and change, of risk and reward, making us understand how deeply human scientific inquiry exists beyond data and technology, that it is about understanding who we are and our place in the world, and, in writing of her own life, we come to see the true connectedness of the Mother Tree that nurtures the forest in the profound ways that families and human societies do, and how these inseparable bonds enable all our survival.

Once Upon a Tree Harper Collins

Good Night Christmas Tree highlights Christmas tree farms, trimming the tree, decorating, creating homemade ornaments, Christmas lights, putting presents under the tree, city Christmas trees, country trees, Christmas Eve, Christmas carolers, and more.
