From the show's creators comes the groundbreaking, bestselling novel inspired by the hit Broadway show Dear Evan Hansen. Dear Evan Hansen, Today's going to be an amazing day and here's why... When a letter that was never meant to be seen by anyone draws high school senior Evan Hansen into a family's griefover the loss of their son, he is given the chance of a lifetime: to belong. He just has to stick to a lie he never meant to tell, that the notoriously troubled Connor Murphy was his secret best friend. Suddenly, Evan isn't invisible anymore--even to the girl of his dreams. And Connor Murphy's parents, with their beautiful home on the other side of town, have taken him in like he was their own, desperate to know more about their enigmatic son from his closest friend. As Evan gets pulled deeper into their swirl of anger, regret, and confusion, he knows that what he's doing can't be right, but if he's helping people, how wrong can it be? No longer tangled in his once-incapacitating anxiety, this new Evan has a purpose. And a website. He's confident. He's a viral

phenomenon. Every day is amazing. Until everything is in danger of unraveling and he comes face to face with his greatest obstacle: himself. A simple lie leads to complicated truths in this big-hearted coming-of-age story of grief, authenticity and the struggle to belong in an age of instant connectivity and profound isolation.

THE NOVEL Grand Central Publishing

Gnosis means knowledge. But we are not referring to just any knowledge. Gnosis is knowledge which produces a great transformation in those who receive it. Knowledge capable of nothing less than waking up man and helping him to escape from the prison in which he finds himself. That is why Gnosis has been so persecuted throughout the course of history, because it is knowledge considered dangerous for the religious and political authorities who govern mankind from the shadows. Every time this religion, absolutely different from the rest, appears before man, the other religions unite to try to destroy or hide it again. Primordial Gnosis is the original Gnosis, true Gnosis, eternal Gnosis, Gnostic knowledge in its pure form. Due to multiple persecutions, Primordial Gnosis has been fragmented, distorted and hidden.

This volume is the result of a thorough exploration of contemporary conceptions of romantic

love from different points of view. Beginning with an initial text where the meanings of romantic love are discussed theoretically and historically, the contributions gathered here present current discussions about love in the present day and in different geographical contexts that range from Hungary to Italy or Spain. The first part of the book is devoted to the analysis of mobilities for the sake of love as a result of globalization. These mobilities are analysed in relation to love ideals, to gender equality and to online searches for the ideal partners. The second part of the book deals with the exploration of different imaginaries of love in particular geographical contexts. The topics dealt with here include love as sickness, love and violence, love ideals for men engaged in gender equality and love ideals for those who engage in cross-dressing practices. In the third part, writing about and for love is addressed. Love writings to the beloved dead, teenage girls' blogs and bestsellers such as *Fifty Shades of Grey* are discussed in particular detail. This book addresses current conceptions of romantic love in different social groups through different practices and in different countries, and shows that, despite the variability of discourses, experiences and practices related to love, a number of ideas of what love should be like — related to the Western ideals of romantic love — persist in all these contexts. The contributions to this volume are derived from extensive fieldwork and ethnographic research, and will be of undoubted interest for the academic milieu. However, given the topic it deals with, the book will also appeal to the general public, who will find in these pages many 'love stories' derived from the detailed study of the society which we inhabit and the ideals of love that we breathe.
