A user guide, also commonly called a technical communication document or manual, is intended to give assistance to people using a particular system. It is usually written by a technical writer, although user guides are written by programmers, product or project managers, or other technical staff, particularly in smaller companies. User guides are most commonly associated with electronic goods, computer hardware and software, although they can be written for any product. Most user guides contain **A Users Manual To The**

Life: A User's Manual is Georges Perec's most famous novel, published in 1978, first translated into English by David Bellos in 1987. Its title page describes it as "novels", in the plural, the reasons for which become apparent on reading. Some critics have cited the work as an example of postmodern fiction, but Perec preferred to avoid labels and his only long-term affiliation with any movement was with the
