This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver*. In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog* and *Year of the Rat* returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

Twenty-five years ago, a disillusioned young man set out on a walk across America. This is the book he wrote about that journey -- a classic account of the reawakening of his faith in himself and his country.

"I started out searching for myself and my country," Peter Jenkins writes, "and found both." In this timeless classic, Jenkins describes how disillusionment with society in the 1970s drove him out onto the road on a walk across America. His experiences remain as sharp and telling today as they were twenty-five years ago -- from the timeless secrets of life, learned from a mountain-dwelling hermit, to the stir he caused by staying with a black family in North Carolina, to his hours of intense labor in Southern mills. Many, many miles later, he learned lessons about his country and himself that resonate to this day -- and will inspire a new generation to get out, hit the road and explore.

A 3,400 Mile Walk in Search of America AuthorHouse

Fall 2016 Library Journal Editors' Pick "In my reckless and undiscouraged youth," Lillian Boxfish writes, "I worked in a walnut-paneled office thirteen floors above West Thirty-Fifth Street..." She took 1930s New York by storm, working her way up writing copy for R.H. Macy's to become the highest paid advertising woman in the country. It was a job that, she says, "in some ways saved my life, and in other ways ruined it." Now it's the last night of 1984 and Lillian, 85 years old but just as sharp and savvy as ever, is on her way to a party. It's chilly enough out for her mink coat and Manhattan is grittier now—her son keeps warning her about a subway vigilante on the prowl—but the quick-tongued poetess has never been one to scare easily. On a walk that takes her over 10 miles around the city, she meets bartenders, bodega clerks, security guards, criminals, children, parents, and parents-to-be, while reviewing a life of excitement and adversity, passion and heartbreak, illuminating all the ways New York has changed—and has not. A love letter to city life in all its guts and grandeur, Lillian Boxfish Takes a Walk by Kathleen Rooney paints a portrait of a remarkable woman across the canvas of a changing America: from the Jazz Age to the onset of the AIDS epidemic; the Great Depression to the birth of hip-hop. Lillian figures she might as well take her time. For now, after all, the night is still young.

A Harvest of Thorns Anchor

A beloved American corporation with an explosive secret. A disgraced former journalist looking for redemption. A corporate executive with nothing left to lose. In Dhaka, Bangladesh, a garment factory burns to the ground, claiming the lives of hundreds of workers, mostly young women. Amid the rubble, a bystander captures a heart-stopping photograph—a teenage girl lying in the dirt, her body broken by a multi-story fall, and over her mouth a mask of fabric bearing the label of one of America's largest retailers, Presto Omnishops Corporation. Eight thousand miles away at Presto's headquarters in Virginia, Cameron Alexander, the company's long-time general counsel, watches the media coverage in horror, wondering if the damage can be contained. When the photo goes viral, fanning the flames of a decades-old controversy about sweatshops, labor rights, and the ethics of globalization, he launches an investigation into the disaster that will reach further than he could ever imagine—and threaten everything he has left in the world. A year later in Washington DC, Joshua Griswold, a disgraced former journalist from the Washington Post, receives an anonymous summons from a corporate whistleblower who offers him confidential information about Presto and the fire. For Griswold, the challenge of exposing Presto's culpability is irresistible, as is the chance, however slight, at redemption. Deploying his old journalistic skills, he builds a historic case against Presto, setting the stage for a war in the courtroom and in the media that Griswold is determined to win—both to salvage his reputation and to provoke a revolution in Presto's boardroom that could transform the fashion industry across the globe. "This exposé of the underbelly of the international fashion industry is disturbing, moving, and thoroughly engrossing." —PHILLIP MARGOLIN, New York Times bestselling author of *Violent Crimes*

"Beautifully written, impeccably researched, and told with the air of suspense that few writers

can handle, Wastelands is a story I wish I had written." —John Grisham The once idyllic coastal plain of North Carolina is home to a closely knit, rural community that, for more than a generation, has battled the polluting practices of large-scale farming taking place in its own backyard. After years of frustration and futility, an impassioned cadre of local residents, led by a team of intrepid and dedicated lawyers, brought suit against one of the world's most powerful companies—and, miraculously, they won. As vivid and fast-paced as a novel, Wastelands takes us into the heart of a legal battle over the future of America's farmland, and into the lives of the people who found the courage to fight. With unparalleled entrée to the courtroom, Corban Addison captures the stirring and unforgettable struggle to bring a modern-day monopoly to its knees, to force a once invincible corporation to change, and to preserve the rights—and restore the heritage—of a long-suffering community.

A Walk to Remember Beaufort Books

A wickedly smart, funny, and irresistibly off-kilter account of an improbable thousand-mile journey on foot into the heart of modern Florida, the state that Russell calls "America Concentrate." In the summer of 2016, Kent Russell--broke, at loose ends, hungry for adventure--set off to walk across Florida. Mythic, superficial, soaked in contradictions, maligned by cultural elites, segregated from the South, and literally vanishing into the sea, Florida (or, as he calls it: "America Concentrate") seemed to Russell to embody America's divided soul. The journey, with two friends intent on filming the ensuing mayhem, quickly reduces the trio to filthy drifters pushing a shopping cart of camera equipment. They get waylaid by a concerned citizen bearing a rifle; buy cocaine from an ex-wrestler; visit a spiritual medium. The narrative overflows with historical detail about how modern Florida came into being after World War II, and how it came to be a petri dish for life in a suddenly, increasingly diverse new land of minority-majority cities and of unrivaled ethnic and religious variety. Russell has taken it all in with his incomparably focused lens and delivered a book that is both an inspired travelogue and a profound rumination on the nation's soul--and his own. It is a book that is wildly vivid, encyclopedic, erudite, and ferociously irreverent--a deeply ambivalent love letter to his sprawling, brazenly varied home state.

A Journey to the Heart of Florida Simon and Schuster

God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a

gruelling hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, *A Walk in the Woods* will add a whole new audience to the legions of Bill Bryson fans.

In *The Garden of Burning Sand*, Addison, the bestselling author of *A Walk Across the Sun*, creates a powerful and poignant novel that takes the reader from the red light areas of Lusaka, Zambia, to the gilded chambers of the Washington, D.C. elite, to the splendor of Victoria Falls and Cape Town. Zoe Fleming, an accomplished young human rights attorney, has made a life for herself in Zambia, far from her estranged father--an American business mogul with presidential aspirations--and from the devastating betrayals of her past. When a young girl with Down syndrome is sexually assaulted in a Lusaka slum, Zoe joins Zambian police officer Joseph Kabuta in investigating the rape. Piecing together clues from the victim's past, they discover an unsettling connection between the girl--Kuyeya--and a powerful Zambian family who will stop at nothing to bury the truth. As they are drawn deeper into the complex web of characters behind this appalling crime, Zoe and Joseph forge a bond of trust and friendship that slowly transforms into love. Opposed on all sides, they find themselves caught in a dangerous clash between the forces of justice and power. To successfully prosecute Kuyeya's attacker and build a future with Joseph, Zoe must risk her life and her heart--and confront the dark past she thought she had left behind.
