Pickle Partners Publishing

*Includes pictures *Includes accounts of the explosion by the captain and surviving crew members *Includes a bibliography for further reading
"Remember the Maine, to Hell with Spain!" The USS Maine is one of the most famous ships in American history, but for all the wrong reasons. A symbol of naval strength in the late 19th century, the Maine's tragic fate is taught to students across the nation, not just because it was a disaster but because it is associated with the most notorious examples of yellow journalism in the country's history and ultimately brought about a war, despite the fact it's still unclear what caused the ship's explosion. In 1898, one of Spain's last possessions in the New World, Cuba, was waging a war for independence against Spain. Though Cuba was technically exempted from the United States' Monroe Doctrine since Cuba was already a possession of Spain when the Monroe Doctrine was issued, many Americans believed that the United States should side with Cuba against Spain. At the same time, however, President William McKinley wanted to avoid getting tangled in a war between outsiders, while Spain also wanted to avoid any conflict with United States and its powerful navy. Despite leaders hoping to stay above the fray, American economic interests were being harmed by the ongoing conflict between Cuban nationalists and Spain, as merchants' trading with Cuba was suffering now that the island was undergoing conflict. Furthermore, the American press capitalized on the ongoing Cuban struggle for independence, which had been flaring up time and again since 1868. In an effort to sell papers, the press frequently sensationalized stories, which came to be known as yellow journalism, and during the run-up to war, yellow journalism spread false stories about the Cuban conflict in order to sell newspapers in the competitive New York City market. Despite President McKinley's wishes to avoid a war, he was forced to support a war with Spain after the USS Maine suffered an explosion in Havana's harbor in February 1898. McKinley had sent the ship to help protect American citizens in Cuba from the violence that was taking place there, but the explosion devastated the USS Maine, which had to be towed to harbor and eventually scuttled, but only after 266 American sailors aboard the ship were killed. Although the cause of the explosion was never determined, yellow journalists in the American press blamed Spain, claiming the USS Maine was sabotaged. President McKinley was unable to resist popular pressure after a U.S. Navy report also claimed that the ship had been subjected to an explosion outside of its hull, which subsequently ignited its powder magazines inside the ship. Later investigations proved inconclusive, but President McKinley was now forced to accept war with Spain, bringing about the Spanish-American War. The Explosion of the USS Maine chronicles the controversial explosion, tracing the history of the ship from its glorious beginning to its ignominious end, as well as the critical aftermath. Along with pictures of important people, places, and events, you will learn about the USS Maine like never before, in no time at all.

Remodelista in Maine Arcadia Publishing

Based on the true account of a boy's harrowing journey through

the vast wilderness of the Katahdin Mountains, *Lost on a Mountain in Maine* is a gripping survival story for all ages. Twelve-year-old Donn Fendler steps away from his Boy Scout troop for only a minute, but in the foggy mountains of Maine, a minute is all it takes. After hours of trying to find his way back, a nervous and tired Donn falls down an embankment, making it impossible for him to be found. One sleepless night goes by, followed by a second . . . and before Donn knows it, almost two weeks have passed, leaving him starving, scared, and delirious. With rainstorms, black bears, and his fear of being lost forever, Donn's journey is a physically, mentally, and emotionally charged story told from the point of view of the boy who lived it. Don't miss this thrilling survival story, a proven high-interest winner that pulls in readers the way *Hatchet*, *My Side of the Mountain*, and the *I Survived* books do.

Lost on a Mountain in Maine Good Night Books

Part of a 150-year tradition, Maine sporting camps are typically family-owned affairs with a central dining lodge serving home-cooked meals, and individual rental cabins set along a lake shore. Scattered throughout the state, no two camps are exactly alike: some are easily accessible and offer a full range of outdoor activities for families; others are deep in the Maine woods, ideal for a fishing retreat. This reference, containing factual details and stories, is a guide to these increasingly popular wilderness hideaways. At-a-glance headings describe how to get to each camp, what to bring, rates, and a description of the facilities and accommodations. The book also features interviews with camp owners.

A Backyard Book of Spiders in Maine Down East Books

Instant New York Times Bestseller Longlisted for Andrew Carnegie Medal for Excellence 2020 New England Society Book Award Winner for Fiction "The Guest Book is monumental in a way that few novels dare attempt." —The Washington Post The thought-provoking new novel by New York Times bestselling author Sarah Blake An exquisitely written, poignant family saga that illuminates the great divide, the gulf that separates the rich and poor, black and white, Protestant and Jew. Spanning three generations, *The Guest Book* deftly examines the life and legacy of one unforgettable family as they navigate the evolving social and political landscape from Crockett's Island, their family retreat off the coast of Maine. Blake masterfully lays bare the memories and mistakes each generation makes while coming to terms with what it means to inherit the past.

The Trees in My Forest A Year In The Maine Woods

"The naturalist, says Emerson, must satisfy all the demands of the spirit. Dana Wilde does that by uniquely unifying acute perception with that transcendental metaphysic that Emerson unabashedly called Love. Wilde is the poet of facts, his science always in the service of reverence and his universal intimations of spirit never "the easy gold of fay or elf," as Robert

Frost praised a practice of the natural supernatural. Wilde is not an excursionist, but a seer who observes the comprehensive, year round fluidity of nature surrounding him and the eternal cosmos above him from his backyard in Troy, Maine. He is the best of the real thing, letting the obdurate bleakness and the rampant beauty of Maine inform each other in wit that is invariably wise and intimate. Every essay in this book can teach us like parables of understanding and reason how to unite devotion and thought to be whole people in our waking lives." --William Hathaway, author of *Dawn Chorus* and *The Right No* From first signs or unseen sense of Fall's closing in, to the certain loosening thaws and drips prefacing ice out, from First Peoples' tellings and showings to the habits of next inhabitants here, now, and in whatever untamed future survives the changing climate, this book is a fire for the darks and lights of winter in Maine. And a source, as any fire is, of realization, solace, and meditation burning perfectly, steadfastly, through Winter's grief and any joy to be found. Season by season, discovery by revelation, no one in Maine works harder, truer, nor more beautifully and imaginatively than Dana Wilde. --Patricia Ranzoni, author of *Settling and Bedding Vows*

Racing the Clock HarperCollins

Three generations of women converge on the family beach house in this wickedly funny, emotionally resonant story of love and dysfunction.

My Life In The Maine Woods Studio

The naturalist recounts his experience spending a year isolated in a crudely built cabin, where he studied the surrounding wildlife and pondered life's questions

Counting Our Way to Maine Harper Collins

Although humble in their function, these carefully crafted barns have shaped the lives of Mainers for centuries. Built long before the days of plastic and plywood, the barns have survived for generations, each with a story to tell. In Bridgton, one barn offered comfort to a sixteen-year-old boy when his father was injured. Another New Gloucester barn was so important to one family that its likeness was engraved on their headstones. Some owners said they would rather see their houses burn than their barns, and others have dedicated their lives and livelihoods to restoring and preserving these buildings. From modest English to grand Victorian, Don Perkins examines the structures, origins and evolution of Maine's barns, demonstrating the vital and precious role they play in people's lives.

A collection of the best contemporary writers in Maine.

We Were an Island Vintage

A beautiful, in-depth celebration of all things Maine, from expert home design brand Remodelista.

Maine Farm Harper Collins

My Life in the Maine Woods recounts Annette Jackson's North Woods experiences during the 1930s when she, her husband and their children lived in a small cabin on the shore of Umsaskis Lake. Jackson, an avid sportswoman and nature lover, writes of hunting, fishing, campfire cooking, and the sounds of the wilderness through the seasons. She visits trappers and woodsmen, and tells what it's like to sleep on a bed of pine boughs under the stars that shine on the legendary Allagash.

Good Night Maine Tilbury House Pub

A comprehensive and beautifully illustrated overview to the birds of Maine The first comprehensive overview of Maine's incredibly rich birdlife in more than seven decades, *Birds of Maine* is a detailed account of all 464 species recorded in the Pine Tree State. It is also a thoroughly researched, accessible portrait of a region undergoing rapid changes, with southern birds pushing north, northern birds expanding south, and once-absent natives like Atlantic Puffins brought back by innovative conservation techniques pioneered in Maine. Written by the late Peter Vickery in cooperation with a team of leading ornithologists, this guide offers a detailed look at the state's dynamic avifauna—from the Wild Turkey to the Arctic Tern—with information on migration patterns and timing, current status and changes in bird abundance and distribution, and how Maine's geography and shifting climate

mold its birdlife. It delves into the conservation status for Maine's birds, as well as the state's unusually textured ornithological history, involving such famous names as John James Audubon and Theodore Roosevelt, and home-grown experts like Cordelia Stanwood and Ralph Palmer. Sidebars explore diverse topics, including the Old Sow whirlpool that draws multitudes of seabirds and the famed Monhegan Island, a mecca for migrant birds.

Gorgeously illustrated with watercolors by Lars Jonsson and scores of line drawings by Barry Van Dusen, *Birds of Maine* is a remarkable guide that birders will rely on for decades to come.

Copublished with the Nuttall Ornithological Club

Maine Islandport PressInc

With a coastline that rivals California's, Maine attracts millions of visitors each year who come to swim, fish, hike, or just enjoy the views. Many of the images present a near panoramic scope, placing the viewer in the middle of a wilderness splendor. The photographs capture the region's famous sandy beaches, tree-covered mountains, tidepools brimming with life, and secluded harbors, as well as quaint villages, historic lighthouses, cranberry bogs, and lobster boats. Chapters cover Ogunquit, Kennebunkport, and Portland to Penobscot Bay, Mount Desert Island, and Cobscook Bay. A central focus is Acadia National Park, one of the top ten most visited national parks in America. Nearby, the town of Bar Harbor hosts more than eighty cruise ships each year. The book also celebrates offshore Maine, with images of whales, puffins, and other elusive sea creatures. The Coast of Maine makes an affordable and charming gift for anyone planning, or dreaming of, a visit to this glorious region.

Somewhere Off the Coast of Maine: A Novel Princeton University Press

In this critically acclaimed Maine classic, first published in 1945, Helen Hamlin writes of her adventures teaching school at a remote Maine lumber camp and then of living deep in the Maine wilderness with her game warden husband. Her experiences are a must-read for anyone who loves the untamed nature and wondrous beauty of Maine's north woods and the unique spirit of those who lived there. In the 1930s, in spite of being warned that remote Churchill Depot was "no place for a woman," the remarkable Helen Hamlin set off at age twenty to teach school at the isolated lumber camp at the headwaters of the Allagash River. She eventually married a game warden and moved deeper into the wilderness. In her book, Hamlin captures that time in her life, complete with the trappers, foresters, lumbermen, woods folk, wild animals, and natural splendor that she found at Umsaskis Lake and then at Nine Mile Bridge on the St. John River.

A Sporting Year in Maine UPNE

The Barns of Maine Down East Books

Winner of the 2021 Rachel Carson Environmental Book Award
Winner of the 2021 Maine Literary Award for Nonfiction Finalist for the 2020 National Book Critics John Leonard Prize for Best First Book Finalist for the 2021 New England Society Book Award Finalist for the 2021 New England Independent Booksellers Association Award A New York Times Editors' Choice and Chicago Tribune top book for 2020 "Mill Town is the book of a lifetime; a deep-drilling, quick-moving, heartbreaking story. Scathing and tender, it lifts often into poetry, but comes down hard when it must. Through it all runs the river: sluggish, ancient, dangerous, freighted with America's sins." —Robert Macfarlane, author of *Underland* Kerri Arsenault grew up in the

small, rural town of Mexico, Maine, where for over 100 years the community orbited around a paper mill that provided jobs for nearly everyone in town, including three generations of her family. Kerri had a happy childhood, but years after she moved away, she realized the price she paid for that childhood. The price everyone paid. The mill, while providing the social and economic cohesion for the community, also contributed to its demise. *Mill Town* is a book of narrative nonfiction, investigative memoir, and cultural criticism that illuminates the rise and collapse of the working-class, the hazards of loving and leaving home, and the ambiguous nature of toxics and disease with the central question; Who or what are we willing to sacrifice for our own survival?

Oslo, Maine Random House Incorporated

"This book will break your heart and heal it." - E.J. Levy, author of *The Cape Doctor* "If you're lucky enough to see a moose, chances are, it'll change your life." - Marcia Butler,

KenyonReview.org A pregnant moose walks into a rural Maine town called Oslo, looking for food and a place to deliver her calf. Just as when strangers run into each other on the street, the movement of the moose determines the fate of three families in the town as they grapple with trauma, marriage, ambition, and their fraught relationship with the natural world. Meet Pierre Roy, a brilliant twelve-year-old, who loses his memory in an accident. Then Claude Roy, Pierre's blustery and proud fourth-generation Maine father who cannot, or will not, acknowledge the too-real and frightening fact of his son's injury. And his wife, Celine, a once-upon-a-time traditional housewife and mother who descends into pills as a way of coping. Enter Sandra and Jim Kimbrough, musicians and recent Maine transplants who scrape together a meager living as performers while shoring up the loose ends by attempting to live off the grid. Finally, the wealthy widow "from away," Edna Sibley, whose dependent adult grandson is addicted to 1980's *Family Feud* episodes. Their disparate backgrounds and views on life make for, at times, uneasy neighbors. But when Sandra begins to teach Pierre the violin, forces beyond their control converge. The boy discovers that through sound he can enter a world without pain from the past nor worry for the future. He becomes a preadolescent existentialist and invents an unconventional method to come to terms with his memory loss, all the while attempting to protect, and then forgive, those who've failed him. *Oslo, Maine* is a character driven novel exploring class and economic disparity. It inspects the strengths and limitations of seven average yet extraordinary people as they reckon with their considerable collective failure around Pierre's accident. Alliances unravel. Long held secrets are exposed. And throughout, the ever-present moose is the linchpin that drives this richly drawn story, filled with heartbreak and hope, to its unexpected conclusion.

"(T)he flawed but deeply relatable characters in Butler's second novel ... exude an authentic sense of humanity, making this a sure-fire recommendation for Fredrik Backman fans." —Carol Haggas, Booklist A seductive, imaginative, and utterly unique story / an astute and compassionate foray into the intersecting lives of characters who are both ordinary and exceptional, saintly and deeply flawed." —Karen Dionne, #1 internationally bestselling author of *The Wicked Sister*
