Common Issues with 3.0T (Supercharged) TFSI Audi Engines ...

At present, the designation of the Audi A6 engines and their volumes are not indicated in the vehicle's passport. Only horsepower and kilowatts. This circumstance complicates the selection of auto parts, as it is necessary to decode the VIN code of the car, and for cars up to the 98th year of release this can not be done. How do I find out the car's engine code ??
