Long Range Shooting Handbook Gun Digest Books

Decades ago, Malcolm X eloquently stated that communities have the legitimate right to defend themselves "by any means necessary" with any tool or tactic, including guns. This wide-ranging anthology uncovers the hidden histories and ideas of community armed self-defense, exploring how it has been used by marginalized and oppressed communities as well as anarchists and radicals within significant social movements of the twentieth and twenty-first centuries. Far

from a call to arms, or a "how-to" manual for warfare, this volume offers histories, reflections, and questions about the role of firearms in small collective defense efforts and its place in larger efforts toward the creation of autonomy and liberation. Featuring diverse perspectives from movements across the globe, *Setting Sights* includes vivid histories and personal reflections from both researchers and those who participated in community armed self-defense. Contributors include Dennis Banks, Kathleen Cleaver, Mabel Williams, Subcomandante Marcos, Kristian Williams, George Ciccariello-Maher, Ashanti Alston, and many more.

Setting Sights Krause Publications
Well-organized charts and tables with specific information on each model, make, issue, and modification. Detailed information for collectors on: Finishes Grips

Serial numbers Inspector marks
Barrel specifications Savage automatic pistols are the hidden treasures of gun collecting. Informed collectors agree that these well-designed, superbly crafted, high-quality American firearms have been ignored, with little new information available for the last 40 years. In *Savage Pistols*, author Bailey Brower Jr. tells the remarkable story of Savage Arms, from its humble beginnings with Arthur Savage in the late 1880s to the creation of the last pistol in the late 1920s. Bailey explains the evolution of the Savage pistol, the role of Savage pistols in World War I, and the pistol's connection to

such historical figures as Buffalo Bill Cody, Bat Masterson, and William Pinkerton. This information-packed book includes hundreds of photographs of Savage pistols and rifles, cartridges, holsters, and other Savage products, as well as fascinating advertisements and illustrations touting the wonders of "the pistol that almost was." *Savage Pistols* is an indispensable resource for any collector, and an intriguing look into the history of American firearms.

The Owen Gun Dover Publications

Illustrated Edition of 1959 in Facsimile.

This is the first edition of one of the classic descriptions of wildcat cartridges, first published in 1949. Though revised and updated in 1962, this is Ackley's first effort at tackling the loading data, theory, and practice of wildcat cartridges. A wildcat cartridge, often shortened to wildcat, is a custom cartridge for which ammunition and/or firearms are not mass-produced.

These cartridges are often created in order to optimize a certain performance characteristic (such as the power, size, or efficiency) of an existing commercial

cartridge. Developing and using wildcat cartridges does not generally serve a purpose in military or law enforcement; it is more a hobby for serious shooting, hunting, gunsmithing and handloading enthusiasts, particularly in the United States.

Gun Expert Gene Gangarosa, Jr. has written the most comprehensive, up-to-date account of the FN/Browning story. Traces the origin of Fabrique National (FN) and its history-making alliance with John Moses Browning at the turn of the century.

Explains how FN became the exclusive producer and distributor of Mauser-system rifles. . . Reveals how Browning, America's foremost firearms designer, presented his long-recoil design to FN. . . Tells how Browning's inventive genius helped FN grow from a small arms manufacturer into a giant in the firearms industry ...

3-inch Gun Motor Carriage, M10 Krause Publications

This book is the complete beginner's guide to long range shooting written in simple every-day language so that it's easy to follow. Included are personal tips and best advice from my years of special operations sniper schooling and experience, and as a sniper instructor. If you are an experienced shooter, this guide will be a resource covering the principles and theory of long range shooting. This is the preliminary book to help you understand fundamental concepts such as MOA vs Mils and external ballistics, that can be like a trusted resource at the range. Learning to shoot long range isn't that difficult. Once you understand the basics, you can start to master your technique and you'll be hitting targets in no time. The author has a series of online instructional videos known for their ability to take seemingly complex areas of long

range shooting and breaking them down so that they're easy to understand. This book was motivated by the feedback from those videos. The handbook is broken down into three main categories: What it is/ How it works, Fundamentals, and How to use it. "What it is/ How it works" covers equipment, terminology, and basic principles. "Fundamentals" covers the theory of long range shooting. "How to use it" gives you practical advice on how to implement what you've learned so far to make you a long range shooter.

Gun Digest Weldon Owen

"Bugging Out & Relocating" is about what to do when staying is not an option. House fires, floods, storms, war or social collapse among countless other potential disasters may leave you with no other option but to leave. In his second book, Fernando Aguirre again writes from his personal experience and shares with the readers the research and criteria he used himself when he decided to leave everything behind. In this book you will find recommended countries, U.S. States and advice on Bugging Out both locally and Abroad.

Deathweave Gun Digest

An unforgettable story about the fascinating behavior of the most elusive of wild game birds. When Joe Hutto began his experiment in imprinting two dozen wild turkey--in the tradition of the great animal behaviorist, Konrad Lorenz--he had no idea that it would change his life. Told with skill and humor, and vibrating with the natural wonders of the Florida flatwoods, Illumination in the Flatwoods will amaze and enrich all who share this season with the wild turkey.

From the most trusted brand in outdoor

sports, Field & Stream, this book is drawn from the Total Gun Manual, the latest in the top-selling series that began with The Total Outdoorsman (200,000 copies in print!). Author Phil Bourjaily is the magazine's Shotguns Editor, a popular blogger, and co-host of the Gun Nuts show on the Outdoor Channel (sponsored by Smith & Wesson). When it comes to shotguns, Field & Stream's Phil Bourjaily is the real deal. He loves to talk guns, to clay shoot, and to hunt waterfowl, upland birds, turkeys, small game, and even deer with a shotgun. He has a wealth of advice and opinions to share, and isn't shy about doing so. Charismatic and funny, he's the guy you'd want helping you choose the right gun, fix your stance, and bag the ultimate Thanksgiving turkey. This book covers all the basics: Understanding your gun options, choosing the right gun for every situation, understanding shot and shells, old-school blackpowder hints, improving your shooting and hunting performance, and much, much more.

Fabbrica d'Armi Pietro Beretta, S.p.A., the oldest industrial firm and the oldest gunmaker

in the world, launches its 475th anniversary with the publication of this lavish history and celebration of a unique world of Beretta firearms. Beretta remains under the stewardship of its founding family and reigns as one of the few international brands symbolic of unsurpassed quality. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
