macOS High Sierra: The Missing Manual

Independently Published Quick Guide. The iMac is a series of Mac desktops designed by Apple as a cheaper form of their computer. It was designed to suit people who are new to using a PC and other old

Mac users. The iMac fits beginners and pro users, allowing them to adapt to both normal and heavy usage. On the 4th of August 2020, Apple updated the 27-inch iMac to incorporate the 10th gen Intel processor, adding more RAM, more SSD memory,

and an enhancement in the speed of the AND graphics processor, as well as True Tone. Are you a new iMac user? or you just made a switch from PC to Mac, and you are looking for a Manual to guide you through your iMac journey, then this quick guide is for you. This book contains the following; Design Display How to set up your iMac How to use a Retina display on your iMac. How to transfer data to your iMac. How to backup your iMac. How to navigate your iMac. How to use Spotlight How to use FaceTime on your iMac How to set up Mail. Keyboard

shortcuts and others. This book is suited for new and old Mac users who want to become masters of their iMac. Scroll up and click the Buy now with 1-Click Button. Ensure you get your copy as soon as possible.

MacBook All-in-One For Dummies John Wiley & Sons

Having a book created with this in mind that covers everything seniors need to know about the iPhone 13 to get started is a great asset to have. Which is why this guide is a great book for our

older generation who are technically challenged. Seniors should not be denied the opportunity to also enjoy the innovative technology associated with Apple 2021 edition. They should also be able to explore all the features that come with the phone including setting it up, calling, chatting, taking pictures and Facetime calls. This book does a wonderful job of explaining how to use your iPhone from the minute you get it. It can teach the older generation how to send text messages, add new

contacts, make emergency calls, listen to their all-time favorite songs, make video calls, sync their data, utilize Siri, and so much more. This book is for Seniors Who Want To learn to use the iPhone 13 Pro Max But Can't Get Started A Simple Guide for Grandma and Grandpa Many times, Seniors receive the gift of an iPhone but are not shown how to use it. Although the Apple iPhone 13 from Apple is intended to be intuitive, it can still be very difficult for an average user not less a

senior to understand how to use it. The iPhone 13 can be a difficult device to use, especially if you are from an older generation and not into technology which can make our granddads, and grandmas have a hard time setting up their new devices without requesting help. Having a book created with this in mind that covers everything seniors need to know about the iPhone 13 to get started is a great asset to have. Which is why this guide is a great book for our older generation who are

technically challenged. Seniors should not be denied the opportunity to also enjoy the innovative technology associated with Apple 2021 edition. They should also be able to explore all the features that come with the phone including setting it up, calling, chatting, taking pictures and Facetime calls. This book does a wonderful job of explaining how to use your iPhone from the minute you get it. It can teach the older generation how to send text messages, add new contacts, make emergency

calls, listen to their all-time favorite songs, make video calls, sync their data, utilize Siri, and so much more. Just Imagine Being Able To:

- learn how to utilize all the functions and operations that the phone offers
- use a well-formatted book to help seniors like you use your phone
- learn about the latest updates, improvements, and changes on the new iPhone 13
- pass a message across with its large prints with fewer strains on the eyes
- teach seniors despite their low-tech knowledge in a

language simple to understand ...And that's just for starters! Not Only That but Also:

- the book uses practical examples in explaining how to get the most out of your iPhone 13
- a user-friendly guide for anyone with even third-grade education to follow
- show you how to keep in touch despite aging eyesight and hearing
- learn more new phone tricks to keep up with the kids and grandkids
- large printing format suitable for those with eye sight issues

So, if you are one

of those people worried about how to set up their new device, this guide can be useful to beginners and even those switching from Android to iPhone. You can also learn to use the GPS feature to search for places on maps. This book also covers: How to search for a place on maps How to send a text message to old and new contacts Introduction to Safari and Siri Activating Siri, changing wallpapers, setting screen time, and managing events How to use the iPhone 13 Pro exclusive feature called

ProRes How to access some hidden camera functions that you probably did not expect a phone camera to have Click the Buy Now Button to order your copy of the book to get started. Translator: Johnn Bryan PUBLISHER: TEKTIME
