In *Guerrilla Metaphysics*, Graham Harman develops further the object-oriented philosophy first proposed in *Tool-Being*. Today's fashionable philosophies often treat metaphysics as a petrified relic of the past, and hold that future progress requires an ever further abandonment of all claims to discuss reality in itself. *Guerrilla Metaphysics* makes the opposite assertion, challenging the dominant "philosophy of access" (both continental and analytic) that remains quarantined in discussions of language, perception, or literary texts. Philosophy needs a fresh resurgence of the things themselves—not merely the words or appearances themselves. Once these themes are adapted to the needs of an object-oriented philosophy, what emerges is a brand new type of metaphysics—a "guerrilla metaphysics." *Heresy and the Ideal* is a powerful collection of essays and essay-reviews which David Baker wrote and published throughout the 1990s. He thoroughly discusses the work of more than fifty contemporary poets, including T. R. Hummer, Miller Williams, Albert Goldbarth, Jane Kenyon, Galway Kinnell, Charles Simic, Ted Kooser, David Wojahn, Alice Fulton, Louise Glück, and Charles Wright. He takes as his models some of the great critical books of the past three decades, especially Richard Howard's masterpiece, *Alone with America*, and Helen Vendler's *Part of Nature, Part of Us*, as well as other works by Laurence Lieberman, Majorie Perloff, Carol Muske, and Mary Kinzie. At its center, *Heresy and the Ideal* is based on Baker's sense of Romantic poetics, especially on how contemporary poets have applied, altered, or rejected certain Romantic principles. He uses the Romantic trope to measure the tension between passion and reason and between the problems of literary transcendence

and the obligations of social engagement. The result is a welcome variety of enlightening, practical criticism devoid of exclusionary jargon and based on persistent attention to an individual poem or book of poems. Utilizing the essay-review, Baker considers each poet's purposes and achievements. He blends the strategies of explanation, analysis, and evaluation, clarifying each poet's work instead of complaining or condemning. *Heresy and the Ideal* addresses a wide and diverse range of contemporary poetry and should take a deserved place both as a critical introduction to the work of many important poets and as a work that documents and explores the shape of poetry at the end of the millennium.

*Voyageur Classics* is a series of new versions of Canadian classics, with added material and special introductions. In this bundle we find two classic works of the art of the Canadian essay. Charles G.D. Roberts was a distinguished writer of his time who published more than forty volumes of poetry, romance fiction, and nature writing – making him one of the most popular writers of his time. He pioneered the animal story in which he went beyond surface elements of nature and endowed his animal "characters" with qualities of feeling and intelligence that brought them closer to their human cousins. Roberts' career as a writer transcended his Canadian roots and he was internationally known and popular in America and England. Arthur James Marshall Smith – prize-winning poet, essayist, influential anthologist, and critic – died in 1980. His last book, *The Classic Shade: Selected Poems*, on which *Selected Writings* is based, stands as his final intention in the world of literature. To this long out of print book the editor has added original material by Smith in which he defined and advanced modernism in Canadian writing. Includes *Selected Writings*, A.J.M. Smith *The Kindred of the Wild* The Complete Poetry of James Hearst Open Court Part of the regionalist movement that included Grant Wood, Paul Engle, Hamlin Garland, and Jay G. Sigmund, James Hearst helped create what Iowa novelist Ruth Suckow called a poetry of place. A lifelong Iowa farmer, Hearst began writing poetry at age nineteen and eventually wrote thirteen books of poems, a novel, short stories, cantatas, and essays, which gained him a devoted following. Many of his poems were published in the regionalist periodicals of the time, including the *Midland*, and by the great regional presses, including Carroll Coleman's *Prairie Press*. Drawing on his experiences as a farmer, Hearst wrote with a distinct voice of rural life and its joys and conflicts, of his own battles with physical and emotional pain (he was partially paralyzed in a farm accident), and of his own place in the world. His clear eye offered a vision of the midwestern agrarian life that was sympathetic but not sentimental - a people and an art rooted in place.

A young college grad buys a house in Detroit for \$500 and attempts to restore it—and his new neighborhood—to its original glory in this "deeply felt, sharply observed personal quest to create meaning and community out of the fallen...A standout" (Kirkus Reviews, starred review). Drew Philp, an idealistic college student from a working-class Michigan family, decides to live where he can make a difference. He sets his sights on Detroit, the failed metropolis of abandoned buildings, widespread poverty, and rampant crime. Arriving with no job, no friends, and no money, Philp buys a ramshackle house for five hundred dollars in the east side neighborhood known as Poletown. The roomy Queen Anne he now owns is little more than a clapboard shell on a crumbling brick foundation, missing windows, heat, water, electricity, and a functional roof. A \$500 House in Detroit is Philp's raw and earnest account of rebuilding everything but the frame of his house, nail by nail and room by room. "Philp is a great storyteller...[and his] engrossing" (Booklist) tale is also of a young man finding his footing in the city, the country, and his own generation. We witness his concept of Detroit shift, expand, and evolve as his plan to save the city gives way to a life forged from political meaning, personal connection, and collective purpose. As he assimilates into the community of Detroiters around him, Philp guides readers through the city's vibrant history and engages in urgent conversations about gentrification, racial tensions, and class warfare. Part social history, part brash generational statement, part comeback story, *A \$500 House in Detroit* "shines [in its depiction of] the 'radical neighborliness' of ordinary people in desperate circumstances" (Publishers Weekly). This is an unforgettable, intimate account of the tentative revival of an American city and a glimpse at a new way forward for generations to come.

The World's Wife

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity." —James Baldwin From the Paperback edition.
