is universally read, from the cabinet council to the nursery," remarked Alexander Pope when Gulliver's Travels was published in 1726. One of the unique books of world literature, Swift's masterful satire describes the astonishing voyages of one Lemuel Gulliver, a ship's surgeon, to surreal kingdoms inhabited by miniature people and giants, quack philosophers and scientists, horses endowed with reason and men who behave like beasts. Written with great wit and invention, Gulliver's Travels is a savage parody on man and his institutions that has captivated readers for nearly three centuries. As bestselling author and critic Allan Bloom observed: "Gulliver's Travels is an amazing rhetorical achievement. Swift had not only the judgment with which to arrive at a reasoned view of the world but the fancy by means of which he could re-create that world in a form which teaches where argument fails and which satisfies all while misleading none." This representative collection of Swift's major writings includes the complete Gulliver's Travels as well as A Tale of a Tub, "The Battle of the Books," "A Modest Proposal," "An Argument Against Abolishing Christianity," "The Bickerstaff Papers," and many more of his brilliantly satirical works. Here too are selections from Swift's poetry and portions of his Journal to Stella. Swift's savage

ridicule, corrosive wit, and sparkling humor are fully displayed in this comprehensive collection.

"Robinson Crusoe is a novel by Daniel Defoe, first published on 25 April 1719. The first edition credited the work's protagonist Robinson

Crusoe as its author, leading many readers to believe he was a real person and the book a travelogue of true incidents. Epistolary, confessional, and didactic in form, the book is presented as an autobiography of the title character (whose birth name is Robinson Kreutznaer)-a castaway who spends 28 years on a remote tropical desert island near Trinidad, encountering cannibals, captives, and mutineers, before ultimately being rescued. The story has been thought to be based on the life of Alexander Selkirk, a Scottish castaway who lived for four years on a Pacific island called

""Más a Tierra"" , now part of Chile, which was renamed Robinson Crusoe Island in 1966"
