Young readers (ages 7-12) can enjoy the scriptures on their own and establish the habit of personal scripture study, which will strengthen their faith and their resolve to live the gospel. Fifty-two exciting chapters are full of features that help make it clear that Jesus is our Savior and that happiness comes from obedience to His teachings.

Who's Your Hero? the Ultimate Collection Religious Studies Center Brigham Young University

This is the first fully annotated, academic edition of the Book of Mormon in its 200-year history. Modelled after the Oxford line of annotated Bibles, it provides readers with the information they need to understand this classic text of American religious history. This edition reformats the complete scriptural text in the manner of modern Bible translations with paragraphs, quotation marks, poetic stanzas, and section headings, all of which clarify the book's complicated narrative structure. As a result, readers experience a more accessible and readable presentation than the standard version. Annotations explain the meaning and context of specific passages, delineate extended arguments, identify rhetorical patterns, explore theological implications, highlight ancient and modern parallels, and point out intertextual connections, particularly with the Bible. The Book of Mormon is subdivided into internal books; in this edition, each book is preceded by an introduction that discusses its key themes and literary features, at the same time offering a quick overview of major figures, events, and sermons. The three primary narrators—Nephi, Mormon, and Moroni—receive special attention. In addition to the annotations, which focus on the text itself, there are twelve general essays that introduce readers to various ongoing conversations about the text. There are also several maps and charts, as well as a comprehensive list of biblical quotations and allusions. The editorial material is informed by contemporary biblical and historical scholarship; while it deals forthrightly with both the strengths and weaknesses of the narrative, it nevertheless treats the Book of Mormon as a sacred text, worthy of careful study and respect.

My First Book of Mormon Stories Shadow Mountain

For readers of the Book of Mormon, King Benjamin's speech is a treasure trove of inspiration, wisdom, eloquence, and spiritual insight. King Benjamin's Speech: "That Ye May Learn Wisdom" is the most substantial collection of studies ever to focus exclusively on this landmark address. The contributors examine this speech in the multifaceted contexts in which it was delivered: as a classic speech of a departing leader near the time of his death, as the focus of an annual festival season mandated anciently under the law of Moses, as part of a covenant renewal ceremony delivered within the sacred precinct of the Nephite temple in Zarahemla, and as preparation for the coronation of a new king. Historical and linguistic tools and information are employed in these essays to help the reader to better grasp the speech's historical setting, its doctrinal implications, its literary qualities, its influence then and now, and its overall brilliance.

Book of Mormon Study Guide, Pt. 1 Yale University Press

Who's Your Hero? volume 2 teaches how children ages 3 and up can be like Alma, Enos, and Helaman's stripling warriors in their everyday lives. Full-color, fun illustrations will keep the attention of pre-readers. Volume 2 Book of Mormon stories include: ?Helaman's Warriors Respect Their Parents,? ?Enos Sincerely Prays,? and ?Alma Apologizes.? Family home evening ideas and activities are also featured at the end of each story. Who's Your Hero? is ideal for teaching children to love the Book of Mormon! ?What I love is the simple values that are taught through this book in a way that my three-year-old son understands and is really able to apply them. I cannot wait for Volume 2 to come out!??Sara from the Internet?My seven-year-old reads it alone and my five-year-old always wants it read again and again. I can't think of better heroes for them, and Bowman makes these familiar names and people come to life with everyday examples of how to apply their teachings to today's life.?Dixie from the Internet

Who's Your Hero? Shadow Mountain

CES Letter is one Latter-Day Saint's honest quest to get official answers from the LDS Church (Mormon) on its troubling origins, history, and practices. Jeremy Runnells was offered an opportunity to discuss his own doubts with a director of the Church Educational System (CES) and was assured that his doubts could be resolved. After reading Jeremy's letter, the director promised him a response. No response ever came.

Isaiah in the Book of Mormon Hebraeus Press

Questions run the breadth of the Mormon experience, including doctrinal questions as well as questions about the LDS lifestyle.

Who's who in the Book of Mormon ; Analytical Biographies Deseret Book

"Delight yourself and your preschool child or grandchild with these simplified versions of favorite Book of Mormon stories. Author Deanna Buck retells the familiar events in 'read aloud' language that entertains as it teaches. Enhanced by beautiful illustrations, My First Book of Mormon Stories will provide many special moments for you and your child" -- back cover. 3rd, 4th Nephi Neal A. Maxwell Institute for Religious Scholarship

Few scholars of the Book of Mormon have read this volume of scripture as closely and rigorously as Joseph M. Spencer. And of those, none have devoted as much time and effort as he to a theological reading of that sacred text—that is, as Spencer writes, " how it might shape responsible thinking about questions pertaining to the life of religious commitment " (p. 1:173.) The Anatomy of Book of Mormon Theology divides into two volumes exploring and thinking about these pertinent questions. Each concerns a different part of the defense of the claim that theology is and ought to be particularly important for Book of Mormon studies. In this first volume, Spencer gathers early essays in which he gestures toward theological interpretation without knowing how to defend it; essays about why theology is important to Book of Mormon scholarship and how to ensure that it does not overstep its boundaries; and essays that do theological work on the Book of Mormon in relatively obvious ways or with relatively traditional topics. The last category of essays divides into two subcategories: essays specifically on the central theological question of Jesus Christ ' s atonement, as the Book of Mormon understands it; and essays on a variety of traditional theological topics, again as the Book of Mormon understands them.

King Benjamin's Speech Shadow Mountain

The Purpose of this two volume series is to make easily available selections from lectures transcribed and published in four volumes as Teachings of the Book of Mormon by Hugh W. Nibley, Professor at Brigham Young University. The Editor text scanned all four volumes of the series to about half the original by eliminating those portions the Editor felt not necessary to the verses under discussion. No other changes were made to the original Nibley four volumes. Readers of the Book of Mormon will benefit from Hugh Nibley's extensive historical and linguistic background from a lifetime of study of ancient documents. The Editor has made an effort to provide full scripture references at the beginning of each paragraph which were not available in the original editions by Hugh Nibley. These references will be helpful to students and teachers of the Book of Mormon. The numbers at the beginning of each paragraph refer to the page number of the First Edition of each of the four volumes and will alert the reader to where omissions may be found in the original four volumes. The Editor has expanded most chapter topic summaries as shown in brackets. Proceeds from this book will be donated to Project Sprouts (www.project-sprouts.com) which is operated by Mondoro Company Ltd which designs and manufactures furniture and accessories in Asia

The Things which My Father Saw Greg Kofford Books Teaches young children about heroic examples from the Book of Mormon and features family home evening ideas and activities. The Anatomy of Book of Mormon Theology, Volume Two Deseret Book "Generations of prophecy are fulfilled when Jesus Christ visits the people of the Book of Mormon following his crucifixion and resurrection. In his short time among these "other sheep," Christ teaches about the path of discipleship, inaugurating a centuries-long period of righteous peace and prosperity in Nephite society." -- publisher

The Anatomy of Book of Mormon Theology, Volume One Publitho

The 2011 Sperry Symposium volume explores the rich symbolism of Lehi's dream and Nephi's vision, placing such symbols as the mists of darkness, the great and spacious building, and the church of the Lamb of God in the context of the last days.

CES Letter Sharman B Hummel

This in-depth analysis of the legal cases in the Book of Mormon provides a glimpse into ancient systems of law and punishment. **Book of Mormon Reference Companion** Oxford University Press A multifaceted seven-part structure of the Book of Isaiah draws on events from Israel's past to systematically develop an apocalyptic message and a Hebrew messianic theology. When subjected to several literary analyses simultaneously—structural, rhetorical, and typological—the Book of Isaiah discloses secrets that have lain dormant for millennia.

Bad Guys of the Book of Mormon Maxwell Institute Few scholars of the Book of Mormon have read this volume of scripture as closely and rigorously as Joseph M. Spencer. And of those, none have devoted as much time and effort as he to a theological reading of that sacred text—that is, as Spencer writes, " how it might shape responsible thinking about questions pertaining to the life of religious commitment " (p. 1:173.) The Anatomy of Book of Mormon Theology divides into two volumes exploring and thinking about these pertinent questions. Whereas the first volume principally contains essays that deal with relatively traditional theological questions and concerns, the essays in this volume ask about what new worlds might be discovered in doing theological work on the Book of Mormon, focusing on what Spencer calls " microscopic " and " macroscopic " theological readings of the text. Essays in the first set examine no more than a verse of the Book of Mormon—more often just a single phrase or two—to see what theological implications lie within the details of the text. The second set of essays ask questions about the shape and intentions of the whole of the Book of Mormon, as this can be discerned through the ways it deploys biblical texts—and especially the writings of Isaiah. A third set of essays follows the two on microscopic and macroscopic styles of theology and are invitations to blur the boundaries that separate different styles of Book of Mormon scholarship. These final essays call on Book of Mormon scholars to move closer to theology and calls on theologians to move closer to the Book of Mormon. Echoes and Evidences of the Book of Mormon Shadow Mountain Paul ' s letters, the earliest writings in the New Testament, are filled with allusions, images, and quotations from the Old Testament, or, as Paul called it, Scripture. In this book, Richard B. Hays investigates Paul ' s appropriation of Scripture from a perspective based on recent literary-critical studies of intertextuality. His uncovering of scriptural echoes in Paul ' s language enriches our appreciation of the complex literary texture of Paul ' s letters and offers new insights into his message. "A major work on hermeneutics. . . . Hays ' s study will be a work to use and to reckon with for every Pauline scholar and for every student of Paul ' s use of Old Testament traditions. It is sophisticated, in both a literary and theological sense, and written with considerable wit and confidence."—Carol L. Stockenhausen, Journal of Biblical Literature "Hays has without doubt posed the right question at the right time within the horizon of a particularly important problematic. . . . A new beginning for the question concerning the reception of the Old Testament in the New."—Hans Hübner, Theologische Literaturzeitung "A powerful reading. . . . [Hays ' s] careful and fresh exegesis . . . challenges not a few traditional or highly regarded readings. . . . A major contribution both to Pauline studies and to our understanding of earliest Christian theology as a living dialogue with the scriptures of Israel."—James D. G. Dunn, forthcoming in Literature and Theology "A fresh interpretation of Paul ' s references to the Jewish Scriptures. . . . Written in a lively, semipopular style, this important study succeeds in showing that Paul ' s scriptural quotations and allusions are often more ' polyphonic ' and rhetorically meaningful than traditional exegesis has allowed."—David M. Hay, Interpretation: A Journal of Bible and Theology

Easy-To-Read Brigham Young University Press

Introducing a major new doctrinal work written by Elder Jeffrey R. Holland who shares his apostolic witness of the central figure of the Book of Mormon—the Lord Jesus Christ. For most of a decade, Elder Holland has read the Book of Mormon repeatedly and thoroughly, focusing on all references to the Savior and his teachings. The result is an intelligent observation and thorough study of the Book of Mormon's contribution to our understanding of Christ. On the illustrated edition: Elder Holland's classic examination of Jesus Christ as the "principal and commanding figure" in the Book of Mormon is now available as an illustrated keepsake. This landmark book explores what the Book of Mormon reveals about the character, attributes, and mission of our Savior. In his warm and thoughtful style, Elder Holland explains why, more than any other book, the Book of Mormon "has taught me to love the Lord Jesus Christ and to consider the full wonder and grandeur, the eternally resonating power of the atoning sacrifice he made for us." Stunning full-color illustrations by Walter Rane, Robert Barrett, Simon Dewey, Joseph Brickey, and others bring vibrant new life to this beloved volume.

Book of Commandments, for the Government of the Church of Christ Brigham Young University Press

How ought the Book of Mormon to be read? And does the Book of Mormon have anything to say about itself? The Book of Mormon has much to say about how it should be read.

Encyclopedia of Mormonism Oxford University Press

Retells the Book of Mormon in simple modern English.
