We have the funds for you this proper as well as simple showing off to acquire those all. We provide Abortion A Rational Look At An Emotional Issue Rc Sproul and numerous ebook collections from fictions to scientific research in any way. in the middle of them is this Abortion A Rational Look At An Emotional Issue Rc Sproul that can be your partner.

Why Pro-Life?

Routledge

This little book is a clarion call to the Evangelical Church of Canada to respond to the plight of the preborn. Drawing upon Scripture, the

testimony of contemporary evangelical leaders, and church tradition, the author sets forth a case that the mass shedding of innocent blood, such as is the case with the legalized practice of abortion in Canada, is an emergency that calls for extraordinary action by the Church.

Thinking Critically About Abortion Simon and Schuster

"Now with a new afterword by the author"--Back cover.

I Gotta Know! Open Philosophy Press

See the debate on abortion from a new perspective as a young conservative discusses the effects that modern culture and politics have had on both sides of the argument. Danielle D'Souza Gill, in a pathbreaking

new book, blows the lid off the abortion debate, which is radically different than it was when the Supreme Court issued its landmark ruling of *Roe v. Wade* in 1973. Technology has transformed the landscape and allowed people to see development in the womb. Ultrasound has rendered many old assumptions about abortion obsolete. The Democratic Left has become radicalized on abortion. It is no longer a necessary evil, but a positive good. Consequently, the Left has legitimized a form of mass killing in this country that dwarfs the deaths caused by cancer, smoking, homicide, terrorism, and war. Writing with freshness, intelligence, and insight, Danielle explores the contours of the debate, taking into account new ideas, new technology, and new laws and putting forth a new vision for a life-affirming society. In Socratic style, Danielle builds her case in response to the strongest

contentions of the pro-choice camp. She engages their most powerful arguments head-on, carefully examines them, and then dismantles them. The result is a pro-life argument so persuasive that it will reach into the heart of the most hardened opponent. While it is a heartbreaking book, it is in the end inspiring. No matter what you believe about abortion, this book will educate, astonish, and deeply move you. It may move you to a position different from what you now hold. If you read one book about abortion, make it this one, *The Choice: The Abortion Divide in America*.

Deliver Us From Abortion

Westminster John Knox Press

Is abortion ethical? The answer to this question is often obscured by rhetoric, slogans, and politics. And the media message on abortion is often of little help. When the typical American opens up her morning newspaper, she sees the topic debated between pro-

lifers and pro-choicers but receives little information that could help her make an informed moral decision. And as she reads further about the subject, it seems that the Christian church, often an ethical guide in many of her decisions, is of no use to her. Sadly, she is told that the church is just as divided as the rest of society on the topic. So our average American is left to fend for herself. She must somehow decide the right answer with little guidance from society, from the church, or even from God himself. But is our average American really without guidance? Has she gotten all the information she needs about abortion, or has she received only the five-second sound bite that leaves her as confused as she was before she heard about the abortion debate? And has God been silent on the abortion question? Has the church really shown a diversity of opinion

on the sanctity of life? A Love for Lifewill provide Christians with the biblical and historical information that they need to make an informed decision on the abortion question. It will also take a critical and biblically-based look at the arguments and theologies of today's most prominent pro-choice clergy. And it will determine if abortion really fulfills the will of God, as many pro-choice Christians believe, or whether abortion is a clearly sinful act. In short, readers of A Love for Lifewill discover the realmessage of the church on abortion.

Biblical Counsel Tate Publishing

The political philosopher Ryan T. Anderson, bestselling author of *When Harry Became Sally: Responding to the Transgender Moment*, teams up with the pro-life journalist Alexandra DeSanctis to expose the catastrophic failure—social,

political, legal, and personal—of legalized abortion. Hope in the Ruins of Roe With the Supreme Court poised to return abortion law to the democratic process, a powerful new book reframes the coming debate: Our fifty-year experiment with unlimited abortion has harmed everyone—even its most passionate proponents. Women, men, families, the law, politics, medicine, the media—and, of course, children (born and unborn)—have all been brutalized by the culture of death fostered by *Roe v. Wade*. Abortion hollows out marriage and the family. It undermines the rule of law and corrupts our political system. It turns healers into executioners and “women’s health” into a euphemism for extermination. Ryan T. Anderson, a compelling and reasoned voice in our most contentious cultural debates, and the pro-

life journalist Alexandra DeSanctis expose the false promises of the abortion movement and explain why it has made everything worse. Five decades after Roe, everyone has an opinion about abortion. But after reading *Tearing Us Apart*, no one will think about it in the same way. [For Sex Education, See Librarian Navpress Publishing Group](#) Does the morality of abortion depend on the moral status of the human fetus? Must the law of abortion presume an answer to the question of when personhood begins? Can a law which permits late abortion but not infanticide be morally justified? These are just some of the questions this book sets out to address. With an extended analysis of the moral and legal status of abortion, Kate Greasley

offers an alternative account to the reputable arguments of Ronald Dworkin and Judith Jarvis Thomson and instead brings the philosophical notion of 'personhood' to the foreground of this debate. Structured in three parts, the book will (I) consider the relevance of prenatal personhood for the moral and legal evaluation of abortion; (II) trace the key features of the conventional debate about when personhood begins and explore the most prominent issues in abortion ethics literature: the human equality problem and the difference between abortion and infanticide; and (III) examine abortion law and regulation as well as the differing attitudes to selective abortion. The book concludes with a snapshot

into the current controversy surrounding the scope of the right to conscientiously object to participation in abortion provision.

A Love for Life InterVarsity Press

Peter Kreeft's Socrates enters the debate on abortion, considering the arguments of psychology, medicine and philosophy. Pro-Choice Or Pro-Life? Abortion

It has been nearly forty years since the Supreme Court made abortion on demand legal in the United States, but the issue continues to divide Americans. Complex theological, ethical, and legal questions all come into the debate. This is a balanced consideration of the arguments in the abortion debate, but also a firm and clear call to renewed respect for human life in the womb.

The Religious Right Oxford University Press

An updated look at one of the most crucial issues of our time! Infused with compassion and grounded in science, Alcorn's

guide takes a hard look at tough questions, including "What makes life meaningful?" and "Is abortion really a women's rights issue?" His clear presentation of the facts provides welcome insights for pro-choicers and pro-lifers alike.

Pro-Life Answers to Pro-Choice Arguments Macmillan

As politicians, citizens, and families continue the raging national debate on whether it's proper to end human life in the womb, resources like Randy Alcorn's Pro-life Answers to Prochoice Arguments have proven invaluable. With over 75,000 copies in print, this revised and updated guide offers timely information and inspiration from a "sanctity of life" perspective. Real answers to real questions about abortion appear in logical and concise form. The final chapter -- "Fifty Ways to Help Unborn Babies and Their Mothers"-- is worth the price of this book alone!

Where Is the Evangelical Church? MW Media

Abortion. Homosexuality. Environmentalism. Evolution.

Conservative positions on these topics are the current boundaries of mainstream Evangelical Christianity. But what if the theological arguments given by popular leaders on these “big four” were not quite as clear cut as they claim? Growing up as an evangelical Christian, Jonathan Dudley was taught that faith was defined by the total rejection of abortion, homosexuality, evolution, and environmentalism. But once he had begun studying biology and ethics, his views began to change and he soon realized that what he had been told about the Bible – and those four big issues – may have been misconstrued. *Broken Words: The Abuse of Science and Faith in American Politics* assesses the scientific and cultural factors leading evangelicals to certain stances on each issue, shows where they went wrong, and critically challenges the scriptural,

ethical, and biological arguments issued by those leaders today. In *Broken Words*, Dudley applies the Bible and biology to challenge the fixed political dogmas of the religious right. Evangelicals are confronted for the first time from within their ranks on the extent to which faith has been corrupted by conservative politics, cultural prejudice and naive anti-intellectualism. A re-ordering of American Christianity is underway – and this book is an essential part of the conversation.

Abortion Createspace Independent Pub

An essential new reference work for students and general readers interested in the history, dynamics, and influence of evangelicalism in recent American history, politics, and culture. • Provides readers with an understanding of contemporary American evangelicalism's history, key individuals, organizations, and beliefs through detailed coverage

of more than 180 topics • Documents the diversity of the Evangelical movement under a common core umbrella of doctrinal beliefs • Displays the breadth of American evangelical interaction in social and cultural issues and in debates in recent American history

Tearing Us Apart iUniverse

Over one million unborn children are intentionally aborted every year in North America. Voiceless and helpless, their blood cries out. Will those of us who serve as pastors and preachers respond from our pulpits? Silence is not an option. We cannot keep quiet while thousands of our neighbors, made in the image of God, are being led to the slaughter every day. But neither should we condemn and vilify those who are complicit in their deaths. A truly pro-life pulpit ministry opposes the

injustice of abortion with truth, courage and understanding. Tears mingled with hope, overflowing with grace. After all, the Christian faith is rooted in the good news of a Messiah who was once an embryo. Nine months before he was born, Jesus was conceived by the Holy Spirit, and for the next forty weeks he lived and grew in the womb of an unwed teenaged mother. He is at the heart of our preaching, and this book will show you how to confront the sin of abortion by proclaiming the God who became abortable in order to save sinners.

Live from the Gates of Hell
Wm. B. Eerdmans Publishing
In this book, Dr. R.C. Sproul employs his unique perspective as a highly experienced pastor-theologian and a trained philosopher to provide well-

considered and compassionate answers to the difficult questions that attend termination of pregnancy. Dr. Sproul strives for a factual, well-reasoned approach informed by careful biblical scholarship. He considers both sides of this issue in terms of biblical teaching, civil law, and natural law. This edition includes a new foreword by Dr. George Grant and has been updated to reflect developments in the issue. Appendixes provide further background on the issue of when life begins and list sources for pro-life resources.

Six Billion and More St. Martin's Griffin

In his book *I Gotta Know*, popular contemporary Christian singer Al Denson provides serious advice on relevant issues teens face. Questions are arranged in categories such as Love and Sex, Friends and School,

Family Problems, and Questions about God, Sin, and Salvation. Each question is addressed with genuine concern and personal anecdotes that help young people respect and trust Al's answers. *I Gotta Know* shows teens the unconditional love of God and gives them confidence to accept themselves.

Abortion Reformation Trust Publishing

"No issue is more divisive or troubling than abortion. Many believe that we have to choose between helping women and helping children. This book shows how critical it is that we help both. In a concise, nonabrasive fashion, Randy Alcorn offers compassionate, factual answers to the central issues of the abortion debate."--Back cover.

Broken Words Baker Books

Providing pregnant women with alternatives that are practical, realistic, and life-affirming, this book examines some of the questions that surround abortion and the reasons many women choose abortion. Matthewes-Green explores the resources available to alleviate the problems that come with an unplanned pregnancy and tells how those resources can be improved. The Choice BrownBooks.ORM Cuts through the mass confusion surrounding abortion and lays out solid common ground The abortion debate in the United States is confused. Ratings-driven media coverage highlights extreme views and creates the illusion that we are stuck in a hopeless stalemate. In this book Charles Camosy argues that our polarized public discourse hides the fact that most Americans actually agree on the major issues at stake in abortion morality and law. Unpacking the complexity of the abortion issue, Camosy shows that placing oneself on

either side of the typical polarizations -- pro-life vs. pro-choice, liberal vs. conservative, Democrat vs. Republican -- only serves to further confuse the debate and limits our ability to have fruitful dialogue. Camosy then proposes a new public policy that he believes is consistent with the beliefs of the broad majority of Americans and supported by the best ideas and arguments about abortion from both secular and religious sources. Pro-Life Pulpit Multnomah This book is about abortion, but more specifically, about abortions sought due to a poor prenatal diagnosis or due to serious maternal health complications. This book contains 46 personal stories, each one from a woman who decided to interrupt a much-wanted and oftentimes much-planned pregnancy. There is very little societal support for parents who make this decision, which leaves most parents to deal with their sadness and grief alone. The

purpose of the book is to share our stories in the hopes of helping other parents who have undergone a similar loss to feel less alone, less isolated, and less stigmatized. We hope to give a voice to all who have suffered a similar loss and to show that there are situations in which abortion is the most moral option. Although the focus of the book is to provide support to those who will make or have made a similar decision, we don't cast judgment on those who choose abortion for other reasons or those who choose to carry a pregnancy to term despite a poor prenatal diagnosis. We support all parents in choosing the path that is best for them. We support ALL choices.

Pro: Reclaiming Abortion Rights WestBow Press
What Do the Five Points of Calvinism Really Mean?
Many have heard of Reformed theology, but

may not be certain what it is. Some references to it have been positive, some negative. It appears to be important, and they'd like to know more about it. But they want a full, understandable explanation, not a simplistic one. *What Is Reformed Theology?* is an accessible introduction to beliefs that have been immensely influential in the evangelical church. In this insightful book, R. C. Sproul walks readers through the foundations of the Reformed doctrine and explains how the Reformed belief is centered on God, based on God's Word, and committed to faith in Jesus Christ. Sproul explains the five points of Reformed theology and makes plain the reality of God's amazing grace.
