Academic Listening Encounters: Life in Society develops students listening and note taking skills using authentic interviews and classroom lectures. The Student's Book develops students' listening and note-taking skills using a variety of recorded materials. It introduces them to stimulating topics within the field of sociology, including high-interest topics such as peer pressure, gender roles, and the influence of the media. Listening materials include a variety of warm-up activities, informal interviews, and a formal academic lecture for every chapter. Students practice crucial listening skills, such as listening for main ideas, listening for examples, and listening for organizational phrases. The materials also serve as stimuli for discussion and note-taking activities. Pre-listening tasks expose students to vocabulary they will encounter in the interviews and lectures, and help them build background knowledge of the topic. Topics correspond with those in Academic Encounters: Life in Society, and these books can be used together as a four skills course; however, they function equally well as stand-alone texts. An audio CD of the academic lectures, an important part of the audio program, is included with the Student's Book to provide students with additional listening practice. A Life in Society 2-Book Set is available (ISBN 0-521-546702). It includes one copy of the Student's Reading Book and one copy of the Student's Listening Book at a discounted price.

Transforming the Workforce for Children Birth Through Age 8 Cambridge University Press

The Rediscovery of Teaching presents the innovative claim that teaching does not necessarily have to be perceived as an act of control but can be understood and configured as a way of activating possibilities for students to exist as subjects. By framing teaching as an act of dissensus, that is, as an interruption of egological ways of being, this book positions teaching at the progressive end of the educational spectrum, where it can be reconnected with the emancipatory ambitions of education. In conversation with the works of Emmanuel Levinas, Paulo Freire, Jacques Rancière, and other theorists, Gert Biesta shows how students' existence as subjects hinges on the creation of existential possibilities, through which students can assert their "grown-up" place in the world. Written for researchers and students in the areas of philosophy of education, educational theory, curriculum theory, teaching, and teacher education, The Rediscovery of Teaching demonstrates the important role of teachers and teaching in the project of education as emancipation towards grown-up ways of being in the world.

A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage

girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.
