Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.

Complete Year for Grade 4 provides a whole year's worth of practice for essential school skills including word roots, prepositional phrases, similes and metaphors, multiplication and division, fractions and decimals, angles, and more. Thinking Kids'(R) Complete Year is a comprehensive at-home learning resource with 36 lessons—one for each week of the school year! Practice activities for multiple subject areas, including reading, writing, language arts, and math, are included in each weekly lesson to ensure mastery of all subject areas for one grade level. Complete Year lessons support the Common Core State Standards now adopted in most US states. Handy organizers help parents monitor and track their child's progress and provide fun bonus learning activities. Complete Year is a complete solution for academic success in the coming school year.

Reports

A weekly review of politics, literature, theology, and art.
