"Miss Temptation (Susanna) is beautiful, exciting and every man's dream. To those who gather in the country store to see her make her daily "entrance," she brings a rainbow to a dreary world. Unexpectedly a young man explodes at her in an angry tirade, giving voice to his personal feelings of insecurity around beautiful women. His hostility really disturbs Susanna and disrupts her life. Then, with brilliant Vonnegut insight, the two young people work it out in a moment of theatrical enchantment."--Publisher description.

What do you get when you bring together two of NSTA's bestselling authors to ponder ways to deepen students' conceptual understanding of science? A fascinating combination of deep thinking about science teaching, field-tested strategies you can use in your classroom immediately, and personal vignettes all educators can relate to and apply themselves. Teaching for Conceptual Understanding in Science is by Richard Konicek-Moran, a researcher and professor who wrote the Everyday Science Mysteries series, and Page Keeley, a practitioner and teacher educator who writes the Uncovering Student Ideas in Science series. Written in an appealing, conversational style, this new book explores where science education has been and where it's going; emphasizes how knowing the history and nature of science can help you engage in teaching for conceptual understanding and conceptual change; stresses the importance of formative assessment as a pathway to conceptual change; and provides a bridge

between research and practice. This is the kind of thought-provoking book that can truly change the way you teach. Whether you read each chapter in sequence or start by browsing the topics in the vignettes, Konicek-Moran and Keeley will make you think—really think—about the major goal of science education in the 21st century: to help students understand science at the conceptual level so they can see its connections to other fields, other concepts, and their own lives.

As a small business owner, having knowledge of crucial numbers is the most important tool you can equip yourself with to survive today's competitive marketplace. If you're not a numbers person, Accounting for the Numberphobic is to the rescue! Why do so many business owners dread looking at the numbers? Financial statements, ledgers, profit and loss reports--many avoid these and treat them like junk mail and phone solicitors. Nevertheless, it's true--you're not a numbers person. How can you learn to make sense out of all this Greek? This easy-to-follow guide demystifies your company's financial dashboard: the Net Income Statement, Cash Flow Statement, and Balance Sheet. The book explains in plain English how each measurement reflects the overall health of your business--and impacts your decisions. In Accounting for the Numberphobic, you will discover: How your Net Income Statement is the key to growing your profits; How to identify the break-even point that means your business is self-sustaining; Real-world advice on measuring and increasing cash flow; What the Balance Sheet reveals about your company's worth; And much more! Don't leave your company's finances entirely in the hands of a third-party accounting service or an employee who is only loyal to the highest paycheck. Knowing the numbers yourself isn't just about seeing how your company is doing, it's about knowing where it is going--and guiding it toward the highest profits possible.

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

Engaging Ideas Dramatists Play Service, Inc. The subject of this play—as we are told at the outset—is love, pure and complicated. Set on the stage of The North Crawford Mask & Wig Club ("the finest community theatre in central Connecticut!"), three early comic masterpieces by Kurt Vonnegut (Long Walk to Forever, Who am I This Time? and Go Back to Your Precious Wife and Son) are sewn together into a seamless evening of hilarity and humanity. With a single set, wonderful roles for seven versatile actors, and Vonnegut's singular wit and insight into human foibles, this is a smart, delightful comedy for the whole family.
