### Managerial Accounting For Dummies Sourcebooks, Inc.

A clear, easy-to-understand explanation of key financial accounting basics. The world of accounting can be intimidating. Whether you're a manager, business owner, aspiring entrepreneur, or taking a college course in accounting, you'll find yourself need to know the basics...but baffled by complicated accounting books. What if learning accounting could be as simple and fun as running a child's lemonade stand? It can. The Accounting Game presents financial information in a format so simple and so unlike a common accounting textbook, you may forget you're learning skills that will help you get ahead! Using the world of a child's lemonade stand to teach the basics of managing your finances, this book makes a dry subject fun and understandable. As you run your stand, you'll begin to understand and apply financial terms and concepts like assets, liabilities, earnings, inventory and notes payable, plus: Interactive format gives you hands-on experience Color-coded charts and worksheets help you remember key terms Step-by-step process takes you from novice to expert with ease Fun story format speeds retention of essential concepts Designed to apply what you learn to the real world The revolutionary approach of The Accounting Game takes the difficult subjects of accounting and business finance and makes them something you can easily learn, understand, remember and use! Praise for The Accounting Game: "The game approach makes the subject matter most understandable. I highly recommend it to anyone frightened by either numbers or accountants." —John Hernandis, Director of Corporate Communications, American Greetings "Fantastic Learning Tool...Don't let this book title fool you. It is not an oversimplification of accounting and financial principles. It is, however, a serious and very effective examination of a very small but progressively complex business. There are not many books available on the market that make a complex and dry subject understandable and even fun. This book successfully does just that." —Amazon Reviewer Understanding Business Accounting for Dummies Sourcebooks, Inc. UK bookkeeping and accounting basics for the rest of us Unless

you're one of those rare "numbers people," the thought of accounting and bookkeeping probably make your head spin. While these pragmatic and confusing practices may not be fun for the rest of us, mastering them is absolutely essential in order to run and maintain a successful business. Thankfully, Bookkeeping & Accounting All-in-One For Dummies, UK Edition, is here to take the intimidation out of crunching numbers and offers easy-to-follow, step-by-step instruction on keeping your business' finances in order with information specific to a business in the United Kingdom. Written in plain English and packed with loads of helpful instruction, this approachable and all-encompassing guide arms you with everything you need to get up and running on all the latest accounting practices and bookkeeping software. Inside, you'll find out how to prepare financial statements, balance your books, keep the tax inspector off your back, and so much more. Gives you access to supplemental online samples of bookkeeping forms, accounting templates, and spreadsheets Includes many practical bookkeeping and accounting exercises and templates Simplifies every aspect of accounting and record-keeping Shows you how to run your business "by the books" If you're a small business owner or employee who is confused and intimidated by managing your accounts and books, this comprehensive guide empowers you to take charge of those pesky figures to keep your business afloat.
