The "Instruction Manual" is an A4 sheet with not very clear or adequate user instructions. I had the clock working OK before the recent BST time

change, but when the clock appeared to fail to automatically advance one hour, I managed to do it manually, when I checked the time later, it had added the extra hour, making the time one hour fast.

acctim.com - Anglo Continental Clock Co.

We 've established that the UK 's caesium atomic clock is the most accurate clock ever observed. But the atomic clock is a huge and expensive piece of scientific equipment. Thanks to radio broadcast technology, the accuracy of the atomic clock is available to everybody using an Acctim radio controlled

timepiece.
