A history of the Korean War with soldier's-eye views from both sides, by the Pulitzer Prize–winning author of The Rising Sun and Infamy. Pulitzer Prize–winning author John Toland reports on the Korean War in a revolutionary way in this thoroughly researched and riveting book. Toland pored over military archives and was the first person to gain access to previously undisclosed Chinese records, which allowed him to investigate Chairman Mao's direct involvement in the conflict. Toland supplements his captivating history with in-depth interviews with more than two hundred American soldiers, as well as North Korean, South Korean, and Chinese combatants, plus dozens of poignant photographs, bringing those who fought to vivid life and honoring the memory of those lost. In Mortal Combat is comprehensive in it discussion of events deemed controversial, such as American brutality against Korean civilians and allegations of American use of biological warfare. Toland tells the dramatic account of the Korean War from start to finish, from the appalling experience of its POWs to Mao's prediction of MacArthur's Inchon invasion. Toland's account of the "forgotten war" is a must-read for any history aficionado.

High Integrity Software CQ Press
Two gods. A world divided. One man and one woman destined to decide which god will control humanity's destiny for the next 1,000 years. For Mirah, who has a mind of her own and a will far outweighing her slight stature, her late father's general supply shop was the world. Then came a simple knock on the door one cold, winter night following an exhausting day. Her only goal being to dismiss whoever it was so she could get to bed, she answered it. Unfortunately, the two Knights on the other side had orders that would ultimately shatter her world. In the blink of an eye, she's ripped from the only life she's known and riding headlong into a destiny for which she was not prepared. A destiny she shares with a man named Rasmun who seems bent on killing her. Through dark forests, scorching deserts, snow covered mountains, and cursed land, she and her Knight Protectors; the arrogant Commander Roenin, patient Colonel Alyen, and fiery, red-headed Captain Samone; first learn about then struggle to fulfill the demands of a secret held by the Temple for the last one thousand years. A secret that will not only change Mirah's life forever, but the world as well.

Peter Schweizer says that, in a quarter-century as an investigative journalist, this is the scariest investigation he has ever conducted. That the Chinese government seeks to infiltrate American institutions is hardly surprising. What is wholly new, however, are the number of American elites who are eager to help the Chinese dictatorship in its quest for global hegemony. Presidential families, Silicon Valley gurus, Wall Street high rollers, Ivy League universities, even professional athletes—all willing to sacrifice American strength and security on the altar of personal enrichment. In Red-Handed, six-time New York Times bestselling investigator Peter Schweizer presents his most alarming findings to date by revealing the secret deals wealthy Americans have cut to help China build its military, technological, and economic might. Equally as astonishing, many of these elites quietly believe the Chinese dictatorial regime is superior to American democracy. Schweizer and his team of forensic investigators spent over a year scouring a massive trove of global corporate records and legal filings to expose the hidden transactions China's enablers hoped would never see the light of day. And as Schweizer's past bombshells like Profiles in Corruption, Secret Empires, and Clinton Cash all made clear, there are bad actors on both ends of the political spectrum. Exhaustively researched, crisply told, and chilling, Red-Handed will expose the nexus of power between the Chinese government and the American elites who do its bidding.

You Caught Me Dancing Addison Wesley Publishing Company

This book constitutes the thoroughly refereed post-conference proceedings of the workshops held at the 37th International Symposium on Computer Architecture, ISCA 2010, in Saint-Malo, France, in June 2010. The 28 revised full papers presented were carefully reviewed and selected from the lectures given at 5 of these workshops. The papers address topics ranging from novel memory architectures to emerging application design and performance analysis and encompassed the following workshops: A4MMC, applications for multi- and many-cores; AMAS-BT, 3rd workshop on architectural and micro-architectural support for binary translation; EAMA, the 3rd Workshop for emerging applications and many-core architectures; WEED, 2nd Workshop on energy efficient design, as well as WIOSCA, the annual workshop on the interaction between operating systems and computer architecture.

After Belonging CRC Press

After Belonging examines the objects, spaces, and territories of our transforming condition of belonging. The global circulation of people, information, and goods has destabilized what we understand by residence, questioning spatial permanence, property, and identity a crisis of belonging. Circulation brings greater accessibility to ever-new commodities and further geographies. But, simultaneously, circulation also promotes growing inequalities for large groups who are kept in precarious states of transit. The publication examines both our attachment to places and collectivities as well as our relation to the objects we produce, own, share, and exchange. It analyzes the architectures entangled in these definitions through a selection of projects, texts, and case studies. This publication is the result of the work and research leading up to Oslo Architecture Triennale 2016."

Excess Baggage American Medical Association Press

The only authorized full-color book commemorating Derek Jeter's iconic baseball career with the New York Yankees, featuring archival images and original photos of his final 2014 season from renowned photographer Christopher Anderson. Derek Jeter's twentieth and final season in Major League Baseball truly marks the end of a sports era. The New York Yankees' shortstop—a five-time World Series victor, team captain since 2003, and one of the greatest ballplayers of all time—is a beloved and inspiring role model who displays the indefinable qualities of a champion, on and off the field. Jeter Unfiltered is a powerful collection of never-before-published images taken over the course of Derek's final season. Fans will have unprecedented access to "The Captain," as the famously private baseball legend takes us behind the scenes—inside his home, the stadium, the gym, at his Turn 2 Foundation events, fortieth birthday party, and more—as he looks back with candor and gratitude on his baseball career. The result is an intimate portrait bursting with personality, professionalism, and pride. Jeter Unfiltered is Jeter as you have never seen him before: unguarded, unapologetic...unfiltered.

The Definitive BIOS Optimization Guide for PCs Outskirts Press

Belmontes originated in Spain and Portugal with branches later immigrating to Holland and then France, England, and Germany. The American branch is traced to August Belmont, born in Alzey, Germany in 1816 who immigrated to America in 1837.

The inside story of the laptop that exposed the president's dirtiest secret. When a drug-addled Hunter Biden abandoned his waterlogged computer at a Mac repair shop in Delaware in the spring of 2019, just six days before his father announced his candidacy for the United States presidency, it became the ticking time bomb in the shadows of Joe Biden's campaign. The dirty secrets contained in Hunter's laptop almost derailed his father's presidential campaign and ignited one of the greatest media coverups in American history. This is the unvarnished story of what's really inside the laptop and what China knows about the Bidens, by the New York Post journalist who brought it into the open. It exposes the coordinated censorship operation by Big Tech, the media establishment, and former intelligence operatives to stifle the New York Post's coverage, in a chilling exercise of raw political power three weeks before the 2020 election. A treasure trove of corporate documents, emails, text messages, photographs, and voice recordings, spanning a decade, the laptop provided the first evidence that President Joe Biden was involved in his son's ventures in China, Ukraine, and beyond, despite his repeated denials. This intimate insight into Hunter's dissolute lifestyle shows he was incapable of holding down a job, let alone being paid tens of millions of dollars in high-powered international business deals by foreign interests, unless he had something else of value to sell—which of course he did. He was the son of the vice president who would go on to become the leader of the free world.

Race, IQ and Jensen Que Publishing
Lately, Anviksha Punjabi can't seem to get anything right. She is in the middle of ending her second marriage, is barely keeping any friends, and repeatedly getting into trouble at work. And as if all that weren't enough, she must put up with her gregarious and over-bearing 67-year-old mother as a housemate. Afraid that if this goes on, she'll finally unravel completely, Anviksha decides that she needs a break - a Bollywood style, solo-trip across Europe kind of break. What she doesn't expect is that her mother, Smita Punjabi, will insist on coming along. The unlikely duo embarks on a journey complete with nudists, an unwelcome blast from the past, a British dog named Bhindi, and several eligible bachelors, and slowly, what was supposed to be a soul-searching journey for one, turns into a life-altering experience for two.

Digital Fluency Harper Collins
All the fundamentals. No fluff. Learn more with less! A truly revolutionary American Government textbook, Christine Barbour's AmGov: Long Story Short, responds to the needs of today's students and instructors through brevity and accessibility. The succinct ten chapters are separated by tabs that make it easy to skim, flip, revisit, reorient, and return to content quickly. Reading aids like bullets, annotations and arrows walk students through important facts and break up the material in short, engaging bites of information that highlight not only what is important but why it's important. Though brief, this core book is still robust enough to provide everything that students need to be successful in their American Government course. Whether for the on-the-go student who doesn't have time to read and digest a lengthy chapter, or the instructor who wants a book that will stay out of their way and leave room for plenty of supplementary reading and activities, AmGov provides a perfectly simplified foundation for a successful American Government course.

This book provides an accessible introduction to the SPARK programming language. Updated 'classic' that covers all of the new features of SPARK, including Object Oriented Programming. The only book on the market that covers this important and robust programming language. CD-ROM contains the main SPARK tools and additional manuals giving all the information needed to use SPARK in practice. Technology: The SPARK language is aimed at writing reliable software that combines simplicity and rigour within a practical framework. Because of this, many safety-critical, high integrity systems are developed using SPARK. User Level: Intermediate Audience: Software engineers, programmers, technical leaders, software managers. Engineering companies in fields such as avionics, railroads, medical instrumentation and automobiles. Academics giving MSc courses in Safety Critical Systems Engineering, System Safety Engineering, Software Engineering. Author Biography: John Barnes is a veteran of the computing industry. In 1977 he designed and implemented the RTL/2 programming language and was an original member of the ADA programming language design team. He was founder and MD of Alsys Ltd from 1985 to 1991. Currently self employed, John is the author of 'Programming in ADA' which has sold 150000 copies and been translated into 6 languages.

Acting on Conscience John Wiley & Sons Incorporated
FROM THE AUTHOR OF THE #1 NATIONAL BESTSELLER JUSTICE ON TRIAL Stunned by the turbulence of the 2020 election, millions of Americans are asking the forbidden question: what really happened? It was a devastating triple punch. Capping their four-year campaign to destroy the Trump presidency, the media portrayed a Democratic victory as necessary and inevitable. Big Tech, wielding unprecedented powers, vaporized dissent and erased damning reports about the Biden family's corruption. And Democratic operatives, exploiting a public health crisis, shamelessly manipulated the voting process itself. Silenced and subjected, the American people lost their faith in the system. RIGGED is the definitive account of the 2020 election. Based on Mollie Hemingway's exclusive interviews with campaign officials, reporters, Supreme Court justices, and President Trump himself, it exposes the fraud and cynicism behind the Democrats' historic power-grab. Rewriting history is a specialty of the radical left, now in control of America's political and cultural heights. But they will have to contend with the determination, insight, and eloquence of Mollie Hemingway. RIGGED is a reminder for weary patriots that truth is still the most powerful weapon. The stakes for our democracy have never been higher.
