Tatum Everley is a freshman at Western Michigan University. Due to an emotionally and psychologically abusive past relationship, Tate struggles from Complex-Post Traumatic Stress Disorder. She has

---

been working on controlling her symptoms and flashbacks, but when she meets Axel Burne at a fraternity party, who is notorious for sleeping around and getting into fights, she tries her best to dodge the bullet. Axel starts to become intrigued by Tate, but she's better off choosing Lucas- the sweet guy who has been trying to take her out since orientation. But even though Lucas is the better option, Axel keeps reappearing. Tate continues to try to stay away from him, but it starts becoming harder to, and as she gets closer to him, things start to get way out of hand. If Tate wants her happy ending and her sanity intact, then she has to push through the hardships and maintain control over her disorder.

BE RICH AND HAPPY. Dorling Kindersley Ltd

Forget the 100-mile eat-local diet; try the 300-square-foot-diet — grow squash on the windowsill, flowers in the planter box, or corn in a parking strip.

Apartment Gardening details how to start a garden in the heart of the city. From building a window box to planting seeds in jars on the counter, every space is plantable, and this book reveals that the DIY future is now by providing hands-on, accessible advice. Amy Pennington's friendly voice paired with Kate Bingham-Burt's crafty illustrations make greener living an accessible reality, even if readers have only a few hundred square feet and two windowsills. Save money by planting the same things available at the grocery store, and create an eccentric garden right in the heart of any living space.

"...profoundly moving..." -Publishers Weekly

Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad – the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

*Index of Reports* Springer

A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published *Last Letters from Hav*

in 1985, it was short-listed for the Booker Prize. Here it is joined by *Hav of the Myrmidons*, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

**2022 Monthly Planner** New York Review of Books

The definitive story of a game so great, even the Cold War couldn't stop it Tetris is perhaps the most instantly recognizable, popular video game ever made. But how did an obscure Soviet programmer, working on frail, antiquated computers, create a product which has now earned nearly 1 billion in

---

sales? How did a makeshift game turn into a worldwide sensation, which has been displayed at the Museum of Modern Art, inspired a big-budget sci-fi movie, and been played in outer space? A quiet but brilliant young man, Alexey Pajitnov had long nurtured a love for the obscure puzzle game pentominoes, and became obsessed with turning it into a computer game. Little did he know that the project that he labored on alone, hour after hour, would soon become the most addictive game ever made. In this fast-paced business story, reporter Dan Ackerman reveals how Tetris became one of the world's first viral hits, passed from player to player, eventually breaking through the Iron Curtain into the West. British, American, and Japanese moguls waged a bitter fight over the rights, sending their fixers racing around the globe to secure backroom deals, while a secretive Soviet organization named ELORG chased down the game's growing global profits. The Tetris Effect is an homage to both creator and creation, and a must-read for anyone

who's ever played the game—which is to say everyone.

### *Principles of Physics*

A storybook starring Nickelodeon's PAW Patrol! Boys and girls ages 3-7 who love Adventure Bay's favorite pups will enjoy this collection of tales.

Featuring Chase, Marshall, Skye, and the rest of the funny, furry team, each story can be read in five minutes or less, so it's perfect for bedtime-or anytime! This Nickelodeon read-along contains audio narration.

### Explorer Repair Manual

Updated with improvements, updates, and new features included in Ubuntu MATE's 20.04 LTS (Long Term Support) release, I

---

have written the third edition of this book for applications I mention in this book work in computer users who just want the information they need to learn how to use Ubuntu MATE and its applications. Reading this book can help you build your confidence and competence in using Ubuntu MATE. It is written from the perspective that Ubuntu MATE is a typical modern Linux for the average computer user who needs to do things like browsing the Internet, checking email, using a word processor, reading and storing document files, viewing and editing photos, watching videos, listening to music, and subscribing to podcasts. Many of the applications available in Ubuntu MATE are also available in other flavors of Ubuntu and in other distributions (versions) of Linux. The same way regardless of the operating system. While it's great for users who have migrated from Windows or macOS, Ubuntu MATE is also an excellent choice for any kind of computer user, from the casual home user to the professional software developer. That's because of its modern, functionally thought-out design. Ubuntu MATE is capable enough for even the most experienced computer user because, well, it's Linux! It has the power of every other Linux built-in. Simply put, it provides a practical alternative to other software that can run on your computer. Whether you are new to Linux, upgrading from Windows or macOS to Linux, or just thinking about moving to Linux, this book will provide you

---

with practical, day-to-day advice on how you can use Ubuntu MATE and its applications. This book is a guide for new users and a reference for all users of Linux.
