2017 Problems and Solutions. ... The competition on HackerRank is hosted by the ACM and the questions are also created by the University of Iowa ACM Chapter. HackRank will be the way to submit code and it will automatically judge the problems.

ACM ICPC Worked Solutions

Finding the optimal cost of doing so is the actual problem we are solving here. I'm doing that later using the min cost matching, others are doing it using the mincost maxflow. In the part of my solution you are quoting I'm just computing the cost of one special case: the one where each party is served by a different team.
