Soundproofing 101: How To Keep Your Home Theater Quiet ...

It's 11:00 on a Sunday night. Your honey just went up to bed and you can't wait to crank up your latest Blu-ray acquisition: Jimi Plays Berkeley, a long-forgotten 1970 documentary that has been restored and remixed in 5.1 surround. Seconds after Hendrix rips into the first number, the dreaded foot stomping from above begins. The

party's over before it even starts. Last time it was a ...

We often get flooded with emails from readers attempting to troubleshoot why their home theater systems no longer work correctly. This assumes at one point your system was operating correctly but has recently gone out of whack. As a result, we have captured some of the most common problems reported to us in this short editorial and offer real solutions to resolve them.
