I bought the ACS book, but would like to have some kind of sample exam or anything close relating to their style of exams. I ask this because I already took the ACS General Chemistry example, and i felt the study book was completely different from the actual exam that I took. I really need to score high about the 80th percentile.

 It was difficult for me to use it as a study guide due to pen marks. However this is extremely similar to the real ACS exam. If you need to review Organic 1 as well as the material from Organic 2 this is the best study guide. Stay away from purchasing a used study guide to avoid what happened to me.
