Today, information and technological developments grow at a rapid pace. Social and political life becomes more and more complicated and, in this process, active citizenship becomes more essential. Knowledge-driven changes in society and economies require individuals to quickly acquire new skills. Otherwise, it is increasingly difficult for employees to adapt to business life and to find a job. Education has to take account of these circumstances, adapt to the rapid

developments in the world and educate individuals to continue lifelong learning. For this, skills such as active and independent learning, assertiveness, creativity, self-improvement, lifelong learning are important. Skill teaching differs from knowledge teaching. Skill is the transfer of knowledge to practice. This process involves a learning process that requires the steps of researching, planning, controlling and correcting. PSYCHOLOGY: MODULES FOR ACTIVE LEARNING is a best-selling text by renowned author and educator Dennis Coon and co-authors John O. Mitterer and Tanya Martini. This fourteenth edition continues to combine the highly effective SQ4R (Survey, Question, Read, Recite, Reflect, Review) active learning system, an engaging style, appealing visuals, and detailed coverage of core topics and cutting-edge research

in one remarkable, comprehensive text. Fully updated, the new edition builds on the proven modular format and on the teaching and learning tools integrated throughout the text. While the text provides a broad overview of essential psychology topics ideal for introductory courses, its modular design also readily supports more specialized curricula, allowing instructors to use the self-contained instructional units in any combination and order. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. *Active Skills for Reading* Wolters Kluwer Legal Reasoning, Research, and Writing

for International Graduate Students, Fifth Edition, helps international students understand and approach legal reasoning and writing the way law students and attorneys do in the United States. With concise and clear text, Professor Nedzel introduces the unique and important features of the American legal system and American law schools. Using clear instruction, examples, visual aids, and practice exercises, she teaches practical lawyering skills with sensitivity to the challenges of ESL students. New to the Fifth Edition: Streamlined presentation makes the material even more accessible. Chapters are short, direct, and to the point. Five

chapters on reasoning and writing, including exam skills, office memos, and rewriting. Full chapters on contract drafting and scholarly writing. New flowcharts provide a concise, visual overview for each chapter. Citation coverage updated to new 21st edition of The Bluebook. Simplified examples and exercises. Three thoroughly revised chapters on legal research, including non-fee legal research and technological changes in the practice of U.S. law. Professors and student will benefit from: Comparative perspective informs readers about the unique features of American law as compared to civil law, Islamic law, and Asian traditions.

Explanations of practical skills assume no former knowledge of the American legal system. U.S. law school necessary skills explained immediately: case briefing, creating a course outline, time management, reading citations, and writing answers to hypothetical exam questions. Short, lucid chapters that reiterate major points to aid comprehension. Clear introductions to writing hypothetical-based exams, legal memoranda, contract drafting and scholarly writing. An integrated approach to proper citation format, with explanation and instruction provided in context. Discussion of plagiarism and U.S. law school honor codes. Practical skill-

building exercises in each chapter. Research exercises are primarily Internet-based Charts and summaries that are useful learning aids and reference tools

Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L.

Konigsburg's beloved classic and Newbery Medal-winning novel *From the Mixed-Up Files of Mrs. Basil E. Frankweiler*. When Claudia decided to run away, she planned very carefully. She would be gone just long

enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort—she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered its maker, a question that baffled the experts, too. The former owner

of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.
