Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L. Konigsburg's beloved classic and Newbery Medal-

-winning novel *From the Mixed-Up Files of Mrs. Basil E. Frankweiler*. When Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort—she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered

its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.

Legal Reasoning, Research, and Writing for International Graduate Students, Fifth Edition, helps international students understand and approach legal reasoning and writing the way law students and attorneys do in the United States. With

concise and clear text, Professor Nedzel introduces the unique and important features of the American legal system and American law schools. Using clear instruction, examples, visual aids, and practice exercises, she teaches practical lawyering skills with sensitivity to the challenges of ESL students. New to the Fifth Edition: Streamlined presentation makes the material even more accessible. Chapters are short, direct, and to the point. Five chapters on reasoning and writing, including exam skills, office memos, and rewriting. Full chapters on contract drafting and scholarly writing. New flowcharts provide a concise, visual overview for each chapter. Citation coverage updated to new 21st edition of The Bluebook. Simplified examples and exercises. Three thoroughly

revised chapters on legal research, including non-free legal research and technological changes in the practice of U.S. law. Professors and student will benefit from: Comparative perspective informs readers about the unique features of American law as compared to civil law, Islamic law, and Asian traditions.

Explanations of practical skills assume no former knowledge of the American legal system. U.S. law school necessary skills explained immediately: case briefing, creating a course outline, time management, reading citations, and writing answers to hypothetical exam questions. Short, lucid chapters that reiterate major points to aid comprehension. Clear introductions to writing hypothetical-based exams, legal memoranda, contract drafting

and scholarly writing. An integrated approach to proper citation format, with explanation and instruction provided in context. Discussion of plagiarism and U.S. law school honor codes. Practical skill-building exercises in each chapter. Research exercises are primarily Internet-based Charts and summaries that are useful learning aids and reference tools
