I contacted
Adcom and
they upgraded
my 740 to a
750 for \$100.
While this isn't
a great deal of
money, I really
felt like the
upgrade should
have been
completely at
Adcom's
expense. I am
very happy
with the 750,

but would
recommend
avoiding the
GTP-740 like
the plague.

Caveat emptor!

The GTP-750 is a definite upgrade from the 740. The sound is warmer and more neutral. The noise floor appears to be much lower in the 750 than the 740. It also remembers the surround mode correctly whereas the 740 got confused when switching inputs.
