Adios, Nirvana by Conrad Wesselhoeft is sometimes raw and manic, which is the way Jonathon feels much of the time. His parents are divorced, his dad was not involved in raising him, and his mom isn't exactly the maternal type. He goes on manic benders, popping No Doz and drinking Red Bull to help him stay up for days at a time.

And so, *Adios, Nirvana* by Conrad Wesselhoeft really appealed to me on this basic level — it's about a boy named Jonathan who is grieving the loss of his twin brother Telemachus, or Telly. I thought that *Adios, Nirvana* was a sophisticated sort of YA grief book that might appeal to people who are more into the literary end of the YA spectrum.
