This guide shows you how to master this electronic publishing tool, customise the interface, work with objects and graphics, calibrate colour, create PDF files, and more. From pages, panels and pictures to text, tabs, and tables, you'll design and output like a pro every time!

Buku Latihan Desain Kartun Adobe Illustrator CS3 Course Technology PTR

This is one of the few books to cover integration and workflow in depth between Photoshop, Illustrator, InDesign, GoLive, Acrobat, and Version Cue. Graphic design firms, ad agencies, and publishing houses typically use a collection of programs to build their designs for print or the Web, and this book shows readers how to effectively manage that workflow among applications. Provides solutions for issues that working designers or design students face every day, including developing consistent color-managed workflows, moving files among the CS3 applications, preparing files for print or the Web, repurposing documents, using CS3 with Office documents, and more.

This thorough, self-paced guide to Adobe InDesign CS3 is ideal for beginning users who want to master the key features of this program, while readers who already have some experience with InDesign can use this book to familiarize themselves with InDesign CS3's newest features. Using step-by-step, project-based lessons, each chapter contains a project that builds upon the reader's growing knowledge of the program, while review questions at the end of each chapter reinforce the most important skills learned in each lesson. The companion CD contains all the assets readers will need to work through each project in the book. Adobe InDesign CS3, Adobe's page layout and design software, has been updated to accelerate user productivity with loads of new features: new Photoshop effects--including gradient feathering, inner shadows, and glows--that you can apply to objects on a page; finer transparency controls, which let you apply transparency settings independently to an object's fill, stroke, and content for more complex visual looks; numerous productivity enhancements; advanced find/change features; new table and cell styles; export to XHTML, and more. Educational instructor notes--created to help teachers plan, organize, and time their lessons--are available for this book (and for other Classroom in a Book titles) at www.peachpit.com/instructorresources. SPECIAL NOTE: Before starting the lessons in the book, visit www.peachpit.com/indesigncs3cib for important lesson and project file updates.
