Since Lightroom 1.0 first launched, Scott ’ s Kelby ’ s The Adobe Photoshop Lightroom Book for Digital Photographers has been the world ’ s #1 bestselling Lightroom book (it has been translated into a dozen different languages), and in this latest version for Lightroom 6, Scott uses his same award-winning, step-by-step, plain-English style and layout to make learning Lightroom easy and fun. Scott doesn ’ t just show you which sliders do what (every Lightroom book will do that). Instead, by using the following three simple, yet brilliant, techniques that make it just an incredible learning tool, this book shows you how to create your own photography workflow using Lightroom:

- Throughout the book, Scott shares his own personal settings and studio-tested techniques. Each year he trains thousands of Lightroom users at his live seminars and through that he ’ s learned what really works, what doesn ’ t, and he tells you flat out which techniques work best, which to avoid, and why.
- The entire book is laid out in a real workflow order with everything step by step, so you can begin using Lightroom like a pro from the start.
- What really sets this book apart is the last chapter. This is where Scott dramatically answers his #1 most-asked Lightroom question, which is: “ Exactly what order am I supposed to do things in, and where does Photoshop fit in? ” You ’ ll see Scott ’ s entire start-to-finish Lightroom 6 workflow and learn how to incorporate it into your own workflow.
- Plus, this book includes a downloadable collection of some of the hottest Lightroom Develop module presets to give you a bunch of amazing effects with just one click! Scott knows firsthand the challenges today ’ s digital photographers are facing, and what they want to learn next to make their workflow faster, easier, and more fun. He has incorporated all of that into this major update for Lightroom 6. It ’ s the first and only book to bring the whole process together in such a clear, concise, and visual way. Plus, the book includes a special chapter on integrating Adobe Photoshop seamlessly right into your workflow, and you ’ ll learn some of Scott ’ s latest Photoshop portrait retouching techniques and special effects, which take this book to a whole new level. There is no faster, more straight to the point, or more fun way to learn Lightroom than with this groundbreaking book.

Anyone who uses Adobe Photoshop Lightroom for image management, editing, and workflow knows it is great software, and it has only gotten better with each new version. But there comes a time in every Lightroom user ’ s life when they want to do something...and they just can ’ t do it. While Lightroom covers the vast majority of a photographer ’ s needs – many say it covers roughly 80% of a professional imaging workflow – it just can ’ t do everything a shooter needs to put the final touches on a great image. Scott Kelby, the #1 bestselling author of photography books, wrote Photoshop for Lightroom Users exactly for those Lightroom users who have recognized that they need Photoshop for the other 20% of their workflow, which will take their images to the next level. There is already a substantial audience for this book, and of course Adobe ’ s brand-new offering of a Lightroom and Photoshop Creative Cloud bundle for \$9.99/month will certainly help grow this Lightroom-and-Photoshop audience very quickly in the coming months. These users don ’ t need to know everything about Photoshop. They just need to know the essentials edits, techniques, retouching tutorials, and tweaks that they can ’ t perform in Lightroom, but which will take their images up a notch. Scott covers everything from compositing to adding text over an image to retouching to creating a book cover to advanced sharpening techniques. With Photoshop for Lightroom Users, readers will learn all they need to know in order to fold Photoshop into their imaging workflow with Lightroom.

Adobe Photoshop Lightroom Classic is a great medium to give good control to a photographer. It's one of the best Photoshop software. This book has the best tutorials and hacks that will help a brand new user to get started with Lightroom Classic. Lightroom Classic is one of Adobe's premier software suites for photographers. Lightroom Classic has a built-in tone curve, and it's not all that bad. The downside is that you can only use it for correcting white balance, which makes color correcting your images more difficult. Luckily, you can access the color correction options in the '3rd Party' section of Lightroom Classic. You can also add a new palette to your Lightroom Classic workspace by using the 'add new palettes' icon in the toolbar. Use it to drag a new palette onto your library, and you can easily remove it again. It's really handy to have. But that's not all Lightroom can do. You can set folders to be hidden, or you can organize your files in various ways. Lightroom classic offers capabilities to photographers to make adjustments to their pictures and create amazing photos. This book also discusses how to customize your Lightroom Classic workspace for the ultimate workflow and customization experience plus many more tutorials to ace your photo editing skills. This book will show you how to take full advantage of Lightroom Classic with interesting topics such as: Taking a look at the interface Want a better workflow?
