Adobe has been one of the leaders in the industry when it comes to assisting photographers with editing their photos. While many people are under the impression that Adobe photo editing software is aimed at professional photographers only, that is not very true. Sure, Adobe Photoshop may seem to be a bit overwhelming for the photographer who is just starting out. However, there is another software that was created by Adobe that is geared toward photographers who are just starting out. This newbie-friendly software is called Adobe Elements. There is, however, a specific edition of the Adobe Photoshop Elements that we will be looking at. Today, we will be looking into the features of Adobe Photoshop
