Like most of Photoshop's panels, clicking the Menu button in the upper-right corner of the Character or Paragraph panel opens the Panel menu, which holds a cornucopia of options you probably never need to see.

(Consider this: If it were a really important option, it would be easier to get to, wouldn't it?)

Photoshop CC Panel Menus and Options - dummies

Adobe Photoshop Scripting Panel Groups. Notice that, along with the Color, Properties and Layers panels, there are other panels in the column as well. For example, the Color panel at the top has a Swatches tab to the right of it. The Properties panel has an Adjustments tab beside it. And to the right of the Layers panel at the bottom are two other tabs, Channels and Paths. With so many panels to work with in Photoshop ...
