The Schlage HandPunch 4000 is a Biometric Time Clock designed for Time and Attendance Software. With a HandPunch, there are no cards to create or administer, and users ' credentials can ' t get lost, stolen or duplicated without authorization. Since the user is identified by hand geometry costly " buddy punching " is

eliminated.

When you use ADP ' s time and attendance solutions, staff enter their hours worked using a smart time clock, a web timesheet or a clocking app available on a mobile device. The system then automatically calculates the totals and sends them to payroll, leaving you and your managers with just exception and approval tasks.
