Dan Bellamy has lost everything: his wife, his home, his country; perhaps even his sanity. The only thing he has left is vengeance for the creatures who took his world away, and he intends to visit it upon them, no matter the cost. As the eyes of the world turn to the destruction in England, Dan believes that his presence in the United States will provoke an immediate response from the vampires. He thinks he knows what that response will be. He's wrong... With the fate of the nation - and perhaps the entire world - hanging in the balance, Dan believes he must understand the visions which torture him, and which might be key to humanity's survival, but he'll have to do it

fast. Because darkness is coming. And the vampires are rising...

Excerpt from Adrift The author of "Adrift" disclaims all intention of making it a sensational story,

although there is ample material in the facts on which it is founded to build a first-class one. These facts are publicly known - only the real names of the characters and the true scenes of the events of the narrative being suppressed. The opening chapters may seem devoid of Catholic element to superficial readers, but they are the necessary preliminaries for depicting the gradual passage of a soul from the darkness of error to the light and consolation of the truth, as also to show what strong links between earth and heaven are the simple prayers taught by pious mothers to their young children, who remember

them when all else of their younger days is forgotten in the hurly-burly and changes of life, holding them as precious jewels, unimpaired by the dust and chaff of years that gather over them, whose tender associations keep alive the germ of faith, and in the end often lead them back to the true fold from which accident or misfortune, sometimes both, has long separated them. "All Adrift" is the first volume of a new set of books, to be known as "The Boat-Builder Series." The story contains the adventures of a boy who is trying to do something to help support the family, but who

finds himself all adrift in the world. He has the reputation of being rather "wild," though he proves that he is honest, loves the truth, and is willing to work for a living. Having been born and brought up on the shore of Lake Champlain, he could not well avoid being a boatman, especially as his father was a pilot on a steamer. Nearly all the scenes of the story are on the water; and the boy shows not only that he can handle a boat, but that he has ingenuity, and fertility of resource.
