Advanced

Accounting (9th Edition) (Advanced Accounting) This is a horribly written book. The answers to the exercises are really hard to find in the text. A book should not involve a deep thought process, as that should be saved for the exams. I don't think the author matched well with his questions and what he or she wrote in the book.

Chapter 1

Chapter 3 explains how the basic consolidation process changes when the parent company owns less than 100 percent of the subsidiary.

Chapter 4 shows how the consolidation process differs when the parent company acquires the

subsidiary for an amount greater (or less) than the book value of the subsidiary's net assets.
